

## PUT DAMPER ON STATE EXPENSE, BLAINE URGES

Governor Warns Legislature  
That High Tax Measures  
Will Be Vetoed.

### CHARGES ILLEGAL ACTION

Financial Message Condemns  
Practices of State Emer-  
gency Board.

**Madison.**—Governor John J. Blaine, in a special message read to the legislature today dealing with financial problems, charged some of the boards, commissions and departments of the state with having illegally plunged the state into debt.

In vigorous language, the governor called upon the legislature to practice rigid economy, intimated any increase in the general property taxes would meet with his veto and requested the legislature to make a survey of state departments, boards and commissions with a view of consolidating them.

He also asked that the powers of the emergency appropriation board be restricted to fix greater responsibility upon departmental heads.

The message, 18,000 words in length, reviews the financial condition of the state in a painstaking manner and calls the legislature's attention to its failure to provide, at the special session, for \$3,000,000 of authorized expenditures which now shows up as a deficit.

Speaking of departmental requests exceeding the states' income by \$18,500,000, the governor said: "Under the state has failed to keep pace with the growing demands of the institutions or their requests are exorbitantly unreasonable."

**Curb Expansion.**—"In justice to the taxpayers of the state," the governor said, "I can look only with disfavor upon any program of construction and expansion that exceeds the average amount of new construction and additions to state property."

Some of the deficits in departments and institutions were justifiable, the governor said. "Others of these deficits arose because of circumstances created by boards, commissions and departments in plain violation of the law and in such case the legislature should not, at this time, supply such deficits," the message said.

"No public official has any right, legally or morally, to create an obligation against the state without an appropriation therefor," the message read.

The present budget system is looked upon with disfavor by the governor and he objects to the broad powers granted the emergency appropriation board.

"The fact that public officials," the message said, "know of the possibility of securing additional money through the emergency board leads them to exceed their appropriations, and puts the emergency board in the situation of actually releasing public officials from malfeasance in office."

The governor requested the legislature to limit the money available to the emergency board to \$100,000.

The expansion programs of the state university and the normal schools were recommended for postponement, except those most urgent and necessary.

### Salary Increases

In an address way the governor approached the question of increased salaries for public officials. He said there was no hope of the state competing with private business but officials should not overlook the many advantages the public service offered them.

"Public officials who think only in terms of salary increases lack the mental attitude towards public service that a public official should have," the governor said. A closer supervision of salaries to prevent "gross discrimination," now apparent, ought to be provided he said.

"I find that higher paid officials and employees have received large increases in salaries, which, in my opinion are not entirely justifiable, when we consider that the lower paid employees are working under a wage basis insufficient to meet the bare necessities of living," the message read.

In recommending consolidation of board and commissions wherever possible, the governor asked the legislature to make a survey of the conditions with a view of merging some of them. More efficient administration would be possible, the governor said, "if each administration board and commission has a single official instead of a multiple membership, where responsibility is divided, except as to those boards and commissions which have quasi-judicial functions."

The governor recommended an increase in the income tax rates by quoting from his previous message.

"Much of the financial situation which I have described is wrong—fundamentally wrong, and should never have been permitted," the governor said. "To reward those who were and are responsible for the conditions I have described, by permitting them to escape responsibility, would be to compound the wrongs that have been done. The thing now to do is to do the right thing, inexorably, without malice and without permitting the public interest to be jeopardized."

## Woman Slays Man Trying To Enter Her Home

Prominent Chicagoan Arouses  
Jealousy of Divorcee and  
Pays With His Life.

**By United Press Leased Wire**  
**Chicago.**—Mrs. Isabella C. Orthwein Tuesday shot and killed Herbert Zeigler, manager of the Goodyear Tire and Rubber company here in her apartment in the fashionable gold coast residence district.

Zeigler leaves a wife and a 16-year-old daughter.

Mrs. Orthwein told police Zeigler had been keeping company with her since she divorced her husband, a wealthy resident of St. Louis six months ago. Her husband is a stockholder in the St. Louis American league baseball club and an oil promoter.

Mrs. Orthwein said that the trouble started when Zeigler broke an engagement to take her to dinner last night.

"He told me there was a meeting of the stockholders of the Goodyear company last night and he couldn't take me to dinner," she said.

"He brought out a friend of his, whose name was D. O. Parsons, to take me out last night and I went with him," she continued.

Parsons, according to the woman's story, took her to a cafe.

"I saw Zeigler there with two other women," she said.

"An argument started and several bottles were thrown between tables," Mrs. Orthwein said she finally told Zeigler not to come to see her again.

Early Tuesday, she said, Zeigler tried to gain admittance to her apartment through the back door. The door had a burglar proof lock and he was unable to get in. Zeigler then went to the front door.

"I told him 'If you come in, I'll shoot you,'" she said, "and then ran into the bedroom and locked my door. He kept on pounding on the door and I warned him again that I would shoot him but he did not leave."

Mrs. Orthwein said at last she became so frightened that she took a revolver, went to the front door, threw it open and shot Zeigler. The man was shot three times and died instantly.

Mrs. Orthwein made a full confession of the shooting when she was taken to the police station.

"I loved him—and I shot him," she told Lieut. Doherty.

Mrs. Orthwein, beautiful Kentucky belle, told her life history without hesitation. When she obtained the divorce from the St. Louis man she was given \$350,000, she said, and immediately came to Chicago.

"I knew Zeigler for six years," she said.

**DEPORTATION MAY  
BE AUTHORITY'S FATE**

Latest Escapade of Love Pirate  
Gets Him in Bad With  
U. S. Officers.

**By United Press Leased Wire**  
**Milwaukee.**—Spain and permanent separation from his "soul mate," looms ahead for Pierre Paul Authier, erstwhile Spanish grandee and "wife pirate," of Highland Park, Ill. He has gained much notoriety in the past two months by his escapades with Charlotte Franzen, former wife of the University of Wisconsin decorator.

Department of justice agents looked into his actions late Monday, following commitment of the two to the local jail in default of \$1,000 bond pending arraignment March seventh on statutory charges.

Investigation into whether he could be charged with violation of the Mann act is said to have shown Authier is not a citizen of the United States and if sentenced to the house of correction for a year or more, he may be ordered to leave the country, it was said.

The two were arrested here Saturday charged with living together as man and wife under an assumed name. Franzen obtained a divorce from her wife, following her return to Madison, after Authier ran away with her and was caught in St. Louis, Mo. Authier was freed on charges of forcing Franzen to give him a sum of money. Nothing can be learned here of the whereabouts of Mr. Authier and baby.

**RUSS PAPERS HINT  
OF MORE REVOLTS**

**By United Press Leased Wire**  
**Helsingfors.**—Guarded admission of serious difficulties in Russia are made in soviet newspapers received here Tuesday.

The papers referred to "insurrections" in Petrograd and called on workers to "renounce their mad enterprise."

Other reports here said there had been fierce fighting in Petrograd, Wladivostok, Ostrow and elsewhere. Artillery, machine guns and armored cars were said to have been employed in the revolt, heavy casualties resulting.

Reports that Petrograd had fallen to the rebels Monday after a weekend of fighting beginning Friday, were disbelieved here.

Moscow officials declared everything was quiet at the capital.

## HUNDREDS OF STATE WORKERS GO WITHOUT PAY

Departmental Appropriations  
Are Exhausted and Em-  
ployees Go Payless.

### LEGISLATURE MAY BALK

Employees May Have to Wait  
Several Weeks Before  
Money Is Available.

**By United Press Leased Wire**  
**Madison.**—Hundreds of state employees failed to receive their pay checks Tuesday.

The funds of the superintendent of public property, the state board of control and the tax commission are exhausted and until the legislature passes the emergency appropriation bills no money will be available for payroll purposes.

The superintendent of public property has 112 employees and the total payroll reaches \$7,000. He has \$127 in the treasury to meet this payroll.

The state board of control, directing 16 of the state charitable and penal institutions is without funds in several instances. Members said Tuesday 589 employees including hospital guards and attendants and prison guards would not receive their pay.

The tax commission has approximately 150 employees who will not see the "ghost walk" Tuesday. Some of the emergency bills are now pending in the legislature. Others have not been reported from the joint finance committee.

**Employees Understand**  
The state board of control seeks an emergency appropriation of \$644,000 to make good its deficit. It may be some time before this bill can be reported by the committee, members say.

Department heads said Tuesday they did not believe the failure of the state to pay would be attended by any difficulties with employees. Most of them understand conditions and will wait for their money, they said.

"Many of the capitol employees, including the scrub women, need their money," said Superintendent of Public Property John Morrissey, and he said he was making every effort to get speedy passage of the emergency appropriation bill amounting to \$82,000 for his department.

Employees of the reformatory at Green Bay have not received their January pay checks, joint finance committee members were told.

The total appropriations asked of the legislature by the three departments, to continue until July 1 when the new appropriations are available, amount to \$800,000. Fear is expressed in some quarters that the legislature may not desire to take hasty action on this bill because of its strong disapproval of departmental overdrifts.

**MESSAGE CLERK IS  
SHOT BY SINN FEIN**

Increase Patrols in Cork Following  
Street Shooting  
Monday Night.

**By United Press Leased Wire**  
**Cork.**—Dragged from the railway station here by Sinn Feiners, a dispatch clerk was taken to a tunnel and executed Tuesday morning.

The armed band operated boldly in the face of increased vigilance by the military and escaped without placing the body as usual. It was assumed they objected to the clerk's part in the forwarding of official messages.

Increasingly strong patrols of British soldiers guarded Patrick street here Tuesday following demonstrations evoked by the execution Monday forenoon of six Sinn Feiners.

At 7 o'clock Monday night with Patrick street crowded, unknown civilians fired upon soldiers. One civilian was dangerously wounded and there was a flurry of excitement.

**Union With Russia?**  
**London.**—Proposals for a union of Sinn Fein and Russian soviet forces were contained in documents captured in Ireland, the Irish office announced Tuesday.

One document suggested that the Russians be asked to cease their present activity which was "to the disadvantage of Ireland," but to stop their energy for action on a new and more revolutionary plan thus denoting forces which can disintegrate the British empire from within, fusing the best elements of the north and south in a common revolutionary plan.

**FEAR CHAMP CLARK WILL  
NOT LIVE THROUGH DAY**

**By United Press Leased Wire**  
**Washington, D. C.**—The condition of Champ Clark was described as "extremely serious" at his apartment here Tuesday.

Friends in congress said the former speaker might not live through the day.

Clark has experienced alternate rallies and sinking spells. Monday he was reported better but his condition took a turn for the worse Monday night.

## DEMAND WANDERER BE SENTENCED TO DEATH

**Chicago.**—The death penalty was demanded for Carl Wanderer here Tuesday when he went on trial on the charge of slaying "John Doe," the ragged stranger killed the fake hold-up staged by the former army officer.

Wanderer was taken from jail where he is serving a 25-year sentence on the charge of murdering his wife, to undergo the second trial.

He was well groomed, a new suit replacing his prison garb.

**NO WAR BUT FOUR  
HAVE BEEN SLAIN  
IN PANAMA BATTLE**

League of Nations Will Ask U. S. to Enforce Naval Blockade.

**By United Press Leased Wire**  
**Balboa Heights, Canal Zone.**—Without a formal declaration of war, Panama and Costa Rica have fought a battle resulting in four killed and eleven wounded.

Panama forces Tuesday were in possession of the disputed province of Chiriqui which had been occupied by Costa Ricans. The Costa Rican force was captured.

Panama officials declared they will continue to hold the province until the United States offers mediation.

The opposing forces clashed twice. The first was a brief engagement and without casualties, 23 Costa Ricans being captured.

In the afternoon, Costa Rican reinforcements arrived in a gasoline launch and were met by sharp fire. Four were killed and nine wounded. Two Panama police were wounded also.

The Costa Ricans lost a machine gun, twenty five rifles, a flag and provisions.

**Want Naval Blockade**  
**Paris.**—Action by the league of nations to halt the Panama-Costa Rican war may take the form of a request to the United States to impose a naval blockade on those countries, members of the league secretariat said informally Tuesday.

It was stated that, as both nations are members of the league, it would be permissible to apply the economic blockade against them to force cessation of hostilities.

The fact that both Costa Rica and Panama come under the Monroe doctrine, it was stated, would cause the league to consult the United States before acting and would probably cause it to request that country to enforce the blockade.

**WAR LAWS REPEALED  
AT NIGHT SESSION**

Congress Working With Feverish  
Haste to Complete Its  
Work by Friday.

**By United Press Leased Wire**  
**Washington.**—With night sessions the rule in both houses of congress there was no slackening Tuesday of the drive to get through necessary legislation by Friday morning.

Senate leaders hoping to have the navy appropriation bill saved from the face of increased vigilance by the military and escaped without placing the body as usual. It was assumed they objected to the clerk's part in the forwarding of official messages.

At the last minute the Lever food and the repeal, due doubtless to the Supreme court's decision holding unconstitutional the anti-profiteering sections of the law.

An amendment was introduced providing that the repeal shall not affect pending prosecutions under the law.

With the emergency tariff put out of the way by the senate and virtual notice that advocates of the soldier bonus don't care whether they get a vote now or next session, with the path smoother for the bill, the Muscle Shoals dam appropriation of \$10,000,000 and a few other disputed questions were the chief obstacles Tuesday in the way of a cleanup by March 4.

**3 KILLED, 24 HURT IN  
RIOT IN FLORENCE, ITALY**

**By United Press Leased Wire**  
**Florence.**—Three persons were killed and twenty-four wounded during riots which broke out at a demonstration of the standard liberal club.

The liberal club, composed of patriotic students, was parading through the streets when an anarchist hurled a bomb killing a carabinieri and wounding twelve others.

**Plymouth Market**  
**Plymouth, Wis.**—Twenty factories offered 1,724 boxes of cheese on the call board of the Plymouth Dairy Exchange, Monday, Feb. 28. Sales: 154 squares, 27%; 30 twins, 36; 300 daisies, 26%; 200 daisies, bids passed; 156 Americas, 24; 155 Americas, bids passed; 765 longhorns, 25.

## START SUIT TO SPEED INQUEST IN RAIL WRECK

Death List in Wreck at Porter,  
Ind., Will Exceed 40,  
Coroner Says.

### RAILROAD INVESTIGATING

Names of Victims Are Kept  
Secret Until Claim Agents  
Interview Kin.

**LaPorte, Ind.**—Suit was filed in Superior court of Porter county shortly before noon Tuesday against Coroner W. O. Seipel demanding that Judge H. L. Crumpacker of the court, issue a mandate "ordering and commanding" an immediate inquest over the bodies of the killed in the Porter wreck.

Dr. Clement W. K. Briggs of Chicago, through his attorney, Deputy Prosecutor Robert Moore of Michigan City, filed the suit in the Valparaiso court. Judge Crumpacker set a hearing for Wednesday morning.

Documents in the suit charge that Coroner Seipel has failed to hold an inquest as provided by law. The purpose of the suit, in addition to the holding of the inquest as provided by law, Attorney Moore announced, is to prevent "false claims and false identities" being made of the bodies in the morgue at Chesterton. The attorney in the suit claimed that a reasonable time has passed for holding the inquest "and the coroner has failed to perform his duties in this respect."

"It's all bunk," was the coroner's heated retort over the telephone at noon Tuesday.

Engineer William Long of the Michigan Central train that was wrecked by a New York Central train at Porter, has been taken by railroad officials to Niles, Mich., it was learned Tuesday. George Block, the fireman, is with him.

**Identify Seven More**  
Coroner Seipel completed identification of seven more bodies at the Chesterton morgue shortly before noon.

The identities brought the list of known dead to 37. Coroner Seipel at noon said he believed the total list of dead would go beyond 40, as there were some pieces of bodies that were not identified. They were in the cellar of the morgue in sacks.

At Porter a large reverent crowd had gathered early to watch the work of unearthing the New York Central engine. It is unlikely that any additional bodies will be found under the wreckage.

Persons watching the clearing up of the wreck stood strangely to it. The crowd stood back and watched in awe, not caring for any memento that would recall to them the horror.

A luxurious fur coat has been hanging on a post near the scene of the wreck for two days untouched, although its value is perhaps several hundred dollars. The coat was probably worn by one of the women when she met her death.

**Investigation Started**  
Preliminary investigation of the New York Central, according to an announcement made Tuesday, places the blame for the disaster on Engineer Long and Fireman Block, of the Michigan Central.

The New York Central claimed in its statement that the blocks were set against the Michigan Central by Joseph Cook, towerman, and employee of the New York Central.

Michigan Central officials, although conducting a secret probe of the disaster, have refused to make any comment.

Investigators from the Indiana public service commission were expected to make their report to Governor Warren McCray Tuesday, following a probe of the wreck Monday.

The names of victims are not made public as soon as identification is made in order to allow the claim agents to attempt to make settlements for damages with relatives before they can be advised by attorneys.

**STATE LEGISLATORS  
EXPOSED TO SMALLPOX**

**By United Press Leased Wire**  
**Madison.**—Smallpox has broken out in the Y. M. C. A. building where more than a score of legislators are staying. The management said four persons, all suffering from light cases, have been removed from the building to an isolation hospital. All guests have been ordered by the city board of health to be vaccinated.

**Today In Congress**

Continues discussion of naval appropriation bill.

Judiciary sub-committee resumes hearing on charges against Attorney General Palmer.

Irrigation committee continues hearing on dam across Yellowstone river.

**House**  
Judiciary committee considers Landis impeachment charges.

Postoffice committee continues investigation of aerial mail accidents.

Interstate commerce committee considers bridge bills.

## Allies Show Teeth When Germans Attempt To Cut Reparations To 7 Billion

France Hurries Preparations  
for Forcing Germany to  
Pay Her Fine.

### MOVE GUNS TO FRONTIER

Allies Give Permission to France  
to Act on Her Own  
Initiative.

**By John De Gandt**  
**By United Press Leased Wire**  
**Paris.**—Preliminary steps for the execution of military plans devised by the allies to force German obedience to reparations demands were taken Tuesday.

For the first time in over two years, trains of long snouted guns were being dragged toward the frontier. The guns were ready for instant service if needed.

There were renewed signs of life in big infantry camps.

Aside from the activity of the troops there was no information regarding the French plans. It was known that the nation was given permission by the other allies to act on her own initiative in compelling the Germans to meet the allied terms. It was stated authoritatively that complete plans for troop movements had been drawn up by Marshal Foch and submitted to British military leaders in London. These plans were said to designate finally the points to be occupied and the extent of the new invasion of German soil.

**Army Well Filled**  
In the last two months France has filled in her military organization by calling up the current class and refusing to demobilize the one which had served its regular term. Colonial troops were held in readiness for an advance also.

Marshal Foch now is in London. It is expected he will return to Paris when an agreement has been reached with the Germans. If the Germans agree to pay the reparations demanded, the troops will be held at the frontier ready for instant advance in case the German payments are not satisfactory.

In case Germany formally declines to meet the demands, action will be taken as soon as Foch can return from London to assume personal command of the forces.

French authorities state every effort is being made to avoid the use of force. Everywhere, however, there appeared to be full approval of the new military activity.

**COST 8 MILLION  
TO PLACE HARDING  
IN WHITE HOUSE**

Total Expenses in Last Campaign Will Total Nearly  
\$11,000,000.

**By United Press Leased Wire**  
**Washington.**—The election of Harding, Coolidge and the Republican congress last November cost \$8,100,739.31, the senate committee on campaign expenditures reported Tuesday.

The defeated democrats spent \$2,257,770.71.

The sum named by the committee as the nearest possible approximation of the amount spent is \$10,358,509.02.

This is not all, the committee said, as it takes no account of the money used by the Socialists, the farmers-labor group or the Non-Partisan league. Neither does it include money raised or spent locally and not reported to the national or state treasurer of the two major parties.

**Menace to Nation**  
This huge expenditure, the report said, constitutes a "menace to the nation" which ought to be removed by constitutional amendment if necessary.

Study of the problem of controlling campaign expenditures is urged upon congress though the committee made no recommendation as to terms of such legislation. The report is the sequel to the long investigation conducted by the committee last summer before and after Governor Cox charged that certain interests in the republican party had raised a slush fund of \$15,000,000.

The committee made no reference to Cox or his charges. Its report was very largely a statistical summary of 22 big volumes of testimony.

**Wood Sets Record**  
Harding's campaign for nomination cost \$112,109 and Coolidge's \$68,377.

Cox's cost \$22,000 and Franklin D. Roosevelt, his running mate, was not listed as he was not an active candidate before the convention.

General Leonard Wood's campaign cost more than those of 16 other republican and democratic aspirants put together, according to the report. The 16, including all the major and most of the minor candidates spent a total of \$1,206,720 and Wood's campaign for nomination cost \$1,773,303.

Mr. and Mrs. John Roehl of Davenport, Ia., are visiting Appleton friends.

William Bloomer of Detroit is in Appleton on business.

## EUROPEAN STORM CLOUDS SPEED UP ARMY WITHDRAWAL

### Want Last Yank to Leave Rhine Before Another War Gets Underway.

**By United Press Leased Wire**  
**Washington.**—The apparent approach of a European crisis Tuesday caused Republican leaders to hasten their plans for a withdrawal of the last vestige of American participation soon after March 4.

With French troops and guns moving toward the German border, American troops on the Rhine are to be withdrawn very soon after the new administration takes office. Development attendant upon the London conference on German reparations have not changed Republican plans to this effect and it was indicated that the move might be made earlier than heretofore contemplated.

Also with the allies threatening to occupy German territory plans for bringing about a state of peace between the United States and Germany through passage of the Knox resolution were being perfected in the senate. The senate will continue in session after March 4 and it will not be many days thereafter before the Knox resolution is passed, under present plans.

Harding's plans have already been announced and it was stated authoritatively Tuesday that developments now apparently will not change them.

Among officials here Tuesday there was greater interest in the League of Nations' reply to the American note on the Yap and Mesopotamian mandates than in the reparations conference although it was agreed that the German proposals were too low and the allies' too high.

# PAPER COMPANY IS LITTLE CHUTE BOON

Village Can Make Extensive Improvements Without Going Into Debt.

The village of Little Chute, which has just installed a \$44,000 sewer system and does not owe a cent, now has under consideration a waterworks plant to cost in the neighborhood of \$15,000. According to P. A. Gloude-mann, president of the village trustees for the last two years, a competent engineer will be engaged to assist the trustees in carrying out their plans. Water will be obtained from a well. Further plans will not be actually formulated until after the engineer is engaged and makes a survey. The village is also planning to pave and boulevard Grand-ave. for a distance of nearly three blocks. Its main thoroughfare is already paved. Notwithstanding all the permanent improvements that have lately been made, taxes are only 24 mills on a valuation of 75 per cent. The village derives the greater part of its revenue from the waterworks of the Combined Locks Paper Co. which pays into its treasury annually \$10,000.

Mr. Gloude-mann says there is a great shortage of houses and that several new ones will be erected during the coming summer. What the village lacks more than anything else is manufacturing industries and a cam-paign is to be waged along this line in the near future. The village has grown from a population of 650 in 1900 to over 2,100 in 1920. The policy of its trustees is to keep out of debt.

# MELLON IS SILENT MAN OF CABINET

Financier Has Played a Prominent But Quiet Part in Recent History.

BY DAVID LAWRENCE (Copyright, 1921)

Washington—While this is a week of farewells to the outgoing administration, it is also a week of expectation and curiosity as to the new regime. And while most of the figures in the new cabinet are known to the national capital, the unknowns are Andrew W. Mellon of Pittsburgh, secretary of the treasury; Henry C. Wallace of Des Moines, Iowa, secretary of agriculture; Edwin Denby, secretary of the navy, and—assuming that James J. Davis of Pennsylvania is to be secretary of labor—well, he, too is unknown here. The others—Herbert Hoover, Senator Fall, former Senator Weeks, Will Hays, Harry Daugherty, Charles Evans Hughes—have all been identified more or less with public affairs heretofore.

First and foremost of the newcomers about whom interest centers is the next secretary of the treasury. What manner of man is he? All that has been so far told is that he is the second richest man in the United States, or at any rate, in the front rank of the wealthy. But the truth is Mr. Mellon's genius in business has been all the more remarkable because he has accomplished things without publicity or ostentation—and the prediction is made that he will probably be the most silent man in the administration.

In Real Diplomat

Mr. Mellon is a slender, efficient man with gray hair, and a manner so easy that it is almost shrinking, indeed it hardly tells you off-hand that he controls vast financial and industrial interests. "A. W." is what his employees familiarly call him. His ability to organize is his paramount quality. He is able always to steer a smooth, middle of the road course between the demands of radicalism and conservatism and it is this faculty of diplomacy and skillful handling of the most intricate affairs which makes him confident that the country has real surprise in store when the next secretary of the treasury gets into action.

# RAILROAD CLAIM AGENTS HOLD CONFERENCE HERE

Claim and freight agents of the Chicago and Northwestern railroad are meeting in the Sherman house Tuesday to discuss means of reducing claims against the company. It is said dishonest claims often are filed. The meeting began at 9:30 and continues until this afternoon.

# GOVERNO RSIGNS, BILL EXTENDING TAX TIME

By United Press Leased Wire

Madison—The Buck bill providing that payment of taxes on real estate in Wisconsin may be postponed from March 1 has been signed by Governor J. J. Blaine and becomes a law Tuesday.

By making a proper showing all persons may withhold payment of taxes for this period without placing their property on the delinquent list. The bill was drawn to relieve property in industrial centers where workmen, now unemployed, find it impossible to pay taxes on homes they purchased on the installment plan.

The American Cigarette Co.

# NEW ROAD SYSTEM MEETS WITH FAVOR

County Board Opposed to Repeal of Town Highway Commissioner Law.

It was brought out during a discussion at the meeting of the county board at the courthouse Tuesday morning that taxpayers quite generally are satisfied with the town highway commissioner system which replaced the pathmaster system that had been in vogue for quarter of a century or more. It is claimed a bill favoring repeal of the law is to come before the legislature, but it is evident that it will not get very far if the sentiment in favor of the new law is as strong in other counties as it is in Outagamie county.

A petition signed by over 100 freeholders of Outagamie county favoring the making of the highway due east from the village of Sagole an addition to Outagamie county system of prospective state highways and Outagamie patrol system was referred to the county, state road and bridge committee.

Accounts from No. 93 to 112 were referred to the finance committee. The report of the inventory committee was adopted. An adjournment was taken until Wednesday at 2 o'clock.

# Deaths

E. V. PALMER

E. V. Palmer, 70, a former resident of Appleton, is dead at Antigo, according to word received here. He moved to Antigo about 30 years ago. Decedent is survived by five sons, William, Appleton; Ray, Ironwood; Orrin, Green Bay; Eugene and John, Antigo; one step-daughter, June Barber, Antigo.

MRS. MARY COX

Mrs. Mary Cox, 81, died Tuesday morning at the home of her daughter, Mrs. John Stimp, 950 College-ave. The decedent is survived by her daughter, Mrs. John Stimp; two sisters, Mrs. P. Toib of Fond du Lac, and Mrs. Patrick McMann of Nebraska, and three grandchildren. Her husband, Thomas Cox, died eight years ago.

The funeral will be held at 9 o'clock Thursday morning from St. Mary church with interment in St. Mary cemetery.

# COMMUNITY MEETING IN NEW MEDINA SCHOOL

Farmers residing in the locality of the new joint district school one mile south of Medina will hold a community gathering in the school building Saturday evening. An entertainment has been planned, to be followed by a social.

The ultimate aim is the formation of a community club which will meet occasionally for social purposes. It is possible that organization may be perfected at this gathering.

Typothetae Meets

Appleton members of the Fox River Valley Typothetae will go to Neenah Tuesday evening, where the March meeting is to be held in Valley Inn. A dinner is to be served to about 50 master printers of the valley. Discussion of matters relative to the printing industry will follow.

# TOURNEY SCORES

Here are the score made by Appleton Elks in the state bowling tournament in Green Bay last Sunday.

Five-Man

Schneider's Specials, 2,384; Biltzen Blenz, 2,045; Pelkey's SUIES, 2,384; 237 Yankoes, 2,187; Never Slips, 2,041; Johnston's Outlaws, 2,656; Farmer Green Bay Piles, 3,176; White Sox, 2,571; W. K.'s, 3,500.

Two-Man

Garland - Gee, 955; Martin-Davis, 865; Hammond-Steinberg, 995; Monaghan-Getschow, 957; Dawson-Balliet, 951; Weber-Koltsko, 963; Sampson-Jacobson, 1,167; Woels-O'Keefe, 944; Nolan-Lally, 894; Kramer-Abendroth, 787; Foote-Frawley, 948; Krentz-Schmidt, 945; Konrad-Blank, 955; Miller-Gritzmacher, 921.

Singles

Krentz, 523; Weber, 494; Koltsko, 514; Guerke, 493; Hammond, 497; Steinberg, 541; Dawson, 541; Monaghan, 496; Balliet, 429; Getschow, 530; Johnston, 498; Greenman, 534; Sampson, 575; Jacobson, 559.

Install Troops

Troop No. 16 of the boy scouts, newly organized, will be installed in the Fifth ward school on Tuesday evening by E. R. Henderson, scout executive. The troop is made up of boys in grades of the schools. W. R. Bruce is to be scoutmaster.

# "DANDERINE"

Girls! Save Your Hair! Make It Abundant!

Immediately after a "Danderine" massage, your hair takes on new life, lustre and wondrous beauty, appearing twice as heavy and plentiful because each hair seems to fluff and thicken. Don't let your hair stay lifeless, colorless, plain or scraggly. You, too, want lots of long, strong, beautiful hair.

A 35-cent bottle of delightful "Danderine" freshens your scalp, checks dandruff and falling hair. This stimulating "beauty-ionic" gives to thin, dull, fading hair that youthful brightness and abundant thickness—All druggists!

Miss Norva Sidwell Tells How Cuticura Healed Her Brother

"Eruption of the skin broke out in small blisters on my brother's body. The blisters would break and his eyes would come out. His body was a solid mass of blisters. He was cross and fearful and couldn't stand any clothing to be on his body, and he irritated his itching out by rubbing it."

"This terrible condition continued for two months and we tried Cuticura Soap and Ointment with good results. When we had used two boxes of Cuticura Soap and one box of Cuticura Ointment he was healed." (Signed) Miss Norva Sidwell, R. F. D. 3, Natoma, Kansas.

Once clear, keep your skin clear by using Cuticura Soap and Ointment for every-day toilet purposes and Cuticura Talcum to powder and perfume. Nothing better.

Sample Size Free by Mail. Address: "Cuticura" Dept., P. O. Box 100, Portland, Me. "Cuticura" Soap shown without wrap.

# EXPOSURE ACHES - RHEUMATIC PAINS

Sloan's Liniment, kept handy, takes the fight out of them

SLUSHING around in the wet and then the dreaded rheumatic twinge! But not for long when Sloan's Liniment is put on the job!

Pains, strains, sprains—how soon this old family friend penetrates without rubbing and helps drive 'em away! And how cleanly, too—no mess, no bother, no stained skin or clogged pores. Muscles limber up, lumbago, sciatica, neuralgia, backache are promptly relieved. Keep a bottle handy. Get one today if you've run out of Sloan's Liniment. It's so warming.

All druggists—35c, 70c, \$1.40. The largest bottle holds six times as much as the smallest.

# ST. PAUL BASKETEERS LOSE TO FOND DU LAC

St. Paul Lutherans received a trimming at Fond du Lac Monday evening in a basketball game with St. Peter's Lutherans, 37 to 17. The Fondy boys were in their usual good trim.

Fond du Lac virtually clinched the championship pennant of the Fox River Valley Lutheran League by winning this game. Kaukauna is a contender, but must win all remaining games in order to take the lead.

The Appleton men were entertained by the Young People's society of St. Peter church following the game. Games were enjoyed and refreshments served.

Olive Branch and Kaukauna were scheduled to play here, but the latter asked to postpone the game. The Olives played a game with St. Mary's instead, losing by a score of 19 to 14.

Mrs. Miles of Chippewa Falls, formerly Miss Hazel Walker is spending a few weeks in the city taking up special work at Lawrence conservatory. While here she is living at Russell Sage dormitory.

There's a sucker born every minute, and as a famous humorist once remarked, "two people here to grab him." Maybe so like to be fooled though. Read what Fred C. Kelly says about us in March Cosmopolitan, which is now on sale. Get your copy today. Dealer F. M. Conkey & Co.

# LOCAL CHURCHES SEND DELEGATES TO RACINE

Appleton Sunday schools will be well represented at the Sunday school convention March 3, 4 and 5 in Racine. Prof. Earl Emme, Miss Dorothy Wolf and Elmer Root will go from the Methodist school.

G. A. Buchanan of the Congregational church will attend as one of the board of directors. It is expected several others will go. Delegates have not been selected to represent the Presbyterian and Baptist schools, but it is expected there will be two or three from each. Delegates will attend from 21 counties. A strong program has been arranged.

# Catarrhal Deafness and Head Noises

TELLS SAFE, SIMPLE WAY TO TREAT AND RELIEVE AT HOME

If you have catarrh, catarrhal deafness or head noises caused by catarrh, or if phlegm drops in your throat and has caused catarrh of the stomach or bowels you will be glad to know that these distressing symptoms may be entirely overcome in many instances by the following treatment which you can easily prepare in your own home at little cost. Secure from your druggist 1 ounce of Pepsin (Double Strength). Take this home and add to it 1/4 pint of hot water and a little granulated sugar; stir until dissolved. Take one tablespoonful four times a day. An improvement is sometimes noted after the first day's treatment. Breathing should become easy, while the distressing head noises, headaches, dizziness, cloudy thinking, etc., should gradually disappear under the tonic action of the treatment. Loss of smell, taste, defective hearing and mucous drooping in the back of the throat are other symptoms which suggest the presence of catarrh and which may often be overcome by this efficacious treatment. It is said that nearly ninety per cent of all ear troubles are caused by catarrh and there must, therefore, be many people whose hearing may be restored by this simple, harmless, home treatment. adv.

# MICHIGAN SUGAR FIRM WANTS TO PUT UP BEET UNLOADER

County Board Would Rather Give Permission to Wisconsin Concern.

"One of the objections to our establishing an unloading machine at the county asylum side track is that we are a Michigan institution," said M. McCormick, a representative of the Menominee Sugar Beet Co., in addressing members of the county board at its opening session at the courthouse Monday afternoon. "But I notice none of the farmers ever objected to accepting \$250,000 worth of Michigan checks we have distributed among them during the 15 years we have been doing business with them. Besides this we have spent \$240,000 in the development of the sugar beet industry."

Mr. McCormick was given the floor after opposition had manifested itself to the passage of a resolution granting the company the privilege of installing an unloading machine or "dumper" as it is generally termed, for the convenience of farmers in unloading their beets. The machine would represent an expenditure of several thousand dollars which would be borne by the company and would make it possible for farmers to unload a wagon load of beets in four minutes while the present method requires over half an hour of hard labor. The resolution was signed by over a dozen beet growers.

Opposition to the machine was based principally on the fact that there is now competition in the beet growing industry in this county, the other plant being a Wisconsin institution and that no privilege ought to be given one plant without the other being given an opportunity to be heard. Mr. McCormick stated that so far as he was aware his competitor had not contracted for any land for the growing of sugar beets in this part of the county. The outcome of the discussion was the appointment by the chairman of a special committee consisting of Arnold Krueger, Charles Schultz, S. F. Greeley and Henry Row to consider the matter and report at this session.

C. B. Ballard said he introduced a resolution at the November session of the board calling for a report of the money expended by the county, state road and bridge committee and wanted to know what had become of it. He was assured by C. G. Ballhorn that the report would be presented later in the session.

Chairman Hodgins called attention to the fact that it was the last session of the present board and that it was limited to five days. As the board is the first to operate under the three year term and as the members have many ties that bind them together they have practically decided to have their picture taken and it is possible that one will adorn the wall of the circuit court room where they assemble.

## DEANERY DELEGATES TO MAKE INSPECTION

Inspection of St. Joseph Orphan asylum and the newly constructed McCormick Memorial Home for Aged People was a feature of the meeting of very reverend deans, deanery chairmen and laymen of the Green Bay diocese in Green Bay Tuesday. The Rev. W. J. Fitzmaurice and Stephen D. Balliet, Outagamie county dean and lay campaign chairman of the Green Bay diocese respectively, were among those attending.

A campaign committee is to be organized to conduct the drive in Green Bay diocese for funds for Catholic charitable institutions. The date will be set and publicity arranged. The Right Rev. Bishop Paul P. Rhode presided.

She stole her host's jewelry because her family was starving. It happened in Vienna, and no more vivid description of the terrible conditions in that unhappy city has been written than Philip Gibbs, the world famous special writer and war correspondent, gives in "The Madonna of the Hungry Child" in March Cosmopolitan. Buy it today. Dealer P. M. Conkey & Co.

## Milk Toast Diet Too Much for Her

"I doctored for years with only temporary relief. My liver was very bad, after eating I would always have such a fullness in my stomach and my heart would palpitate. I could not eat milk toast without distressing me. Since taking a course of Malt's Wonderful Remedy, more than a year ago, I can eat anything my appetite desires." It is a simple harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded.—All Druggists. adv.

## Would Change Ballard-Rd. To "Liberty-Rd."

A movement has started among county board members to change the name of Ballard-rd., running north from the Little Chute-rd., just outside the city limits, to "Liberty-rd." according to information obtained Tuesday. It is also proposed to change the name of Ballard station on the interurban line to Liberty station.

This movement is said to be a part of a campaign against C. B. Ballard, Grand Chute chairman, stormy petrel of Outagamie county politics for many years. Mr. Ballard, it is said, will have opposition for election as town chairman and also as a member of the county board at the spring election.

## The People's Forum

Editor Post-Crescent—I heard a salesman make a few remarks in regard to the farmers that they hold their grain and other crops, including stock, that a farmer raises to sell. He asked a garage man in Appleton if he had much farmer trade and said that usually show in paying their bills and that they expect war prices for the rest of their lives. But, our Salesman before you make any more remarks like those just stop and consider that the crop of 1920 was sowed and harvested at war prices. Ask some farmer who could get a hired man what wages he paid him and most likely his answer will be \$75 to \$100 a month with board and washing and furnished him gas and oil for his car that was war priced. Perhaps Mr. farmer had to have a new grain binder, having to pay war price, including a war tax, and if he didn't just have the cash he would give his note bearing 7 per cent interest and a war tax. Or Mr. farmer may have to buy a new harness for the horses or a new collar paying all the way from \$45 to \$125 for a harness or from \$10 to \$15 for a collar. And if he has a cow or steer hide to sell he will have to have a very large hide to bring \$2.50. The average cow or steer hide only weighs from fifty to seventy-five pounds and the price is 2 1/2 to 3 cents a pound. Mr. farmer then asks why it is he only gets a small price for his hides when he has to pay a high price for the leather goods that he buys. The farmer will be told that the leather in those goods was bought at war prices and could not be sold any cheaper as the loss would be too large. And there are thousands of other things that could be considered in this line. I hope Mr. Salesman and others will be a little more considerate in their remarks about the farmers. I remain a farmer and for the farmer

Palmer Keadley, Hortonville, Wis., Feb. 28, 1921.

## STADLER SAYS HE WILL START BUILDING SOON

Anton Stadler of the Fourth ward, who has been contemplating building a double store building in the big ravine on College-ave., north side, said Monday morning that he practically had decided to go ahead with the structure as soon as the frost is out of the ground. He has had several applications for stores since it became known that he was contemplating to build. Mr. Stadler says he has enough material on hand to warrant his going ahead with the building.

### A NERVOUS WOMAN

St. Paul, Minn.—"At different times I have taken Dr. Pierce's medicines and they proved very beneficial. I have taken the Favorite Prescription and I have taken the Golden Medical Discovery as a blood purifier and a tonic to build me up when I was run down. It also was very beneficial. These medicines of Dr. Pierce's are both very good and I would certainly take them again should I need such medicines."—Mrs. AARON MARTY, 700 E. 6th St. All Druggists Liquid or Tablets.

## WANT BIGGEST GAME SOCIETY IN STATE

Membership Booster Meeting Will Be Held in Elk Club Monday, March 21.

An intensive campaign to make the Outagamie County Fish and Game Protective association the largest organization of its kind in Wisconsin is to be launched at a booster meeting to be held in Elk hall Monday evening, March 21. Representatives from every town in Outagamie county will be invited to attend.

Nearly all of the memberships expired with the annual banquet a few weeks ago and officers now are trying to recruit the organization to more than its former strength. Importance of a large organization is made evident when delegates to the state convention are elected, the bylaws providing for one delegate for each 50 members.

Brown county now has the largest organization in the state but that county is not affiliated with the state club. It expects to cast its lot with the Wisconsin Game Protective association, however, and when that is done it will have the largest branch in the state. Appleton will need at least 200 more members than last year to be in the running.

A special effort will be made to enroll farmers this year because much of the association's work is for protection of the farmer. Recently farmers have shown more interest in the protection work and it is believed they will respond to the request for memberships.

## The STAGE

### Chamber Music Society

Carolyn Beebe and her ten associates who with her form the New York Chamber Music Society will be heard here in a concert on Friday night, March 4 at Lawrence Memorial chapel.

This very popular and widely known group of solo artists seem to be inseparable, for if they are not continually busy playing at concerts, they are in the few intervals between dates, occupied with rehearsals. We all seem to cherish a secret wish that we too might have been gifted musicians, but one girl recently said that of all musicians, she'd like to be Carolyn Beebe. Because, as she explained, those ten handsome men simply had to be nice to their pianist since they could hardly give any concerts without her!

This concert is the seventh of the

## COST REDUCTION DATA IS SOUGHT

National Chamber to Help Merchants Reach Lower Price Basis.

Questionnaire on methods of reducing overhead costs in retail merchandising have been sent to the Appleton Chamber of Commerce by the Chamber of Commerce of the United States. They will be circulated to local merchants, who will be asked to tabulate their systems and customs by which lower costs result.

No names are to be signed to the blanks so no confidences will be violated. The national chamber is to compile the information into a survey to be prepared in book form. Each merchant filling a blank will have access to the report, with the privilege of using any ideas and data he wishes. This is one of the methods adopted by the national body to help its members meet the public's demand for lower prices. Materials and labor will partially reduce the price to the consumer, but there is a movement to reduce the overhead expense in the store. Suggestions are sought on reduction in clerical, advertising, printing, bookkeeping and other expenses; on possible savings by limiting credit, approval purchases, replacements and other merchandising features.

Appleton Community Lecture and Artist series and the directors announce it as the outstanding event of the season. It is the highest paid attraction. It is expected that a rush will be made on Thursday at the opening of the ticket sale at the Y. M. C. A.

## OSHKOSH PREPARES FOR SCHOOL ELECTION

Oshkosh—Following the line of a petition of having the required number of signatures, the commission council on Monday took steps for holding a special election to decide whether the citizens wish to change the form of the board of education setting it down from its present membership of seven to ten. Under the proposed plan the seven school board commissioners would be elected at large. Efforts are also being made to have voted on at the same time whether the people want to have the municipality acquire the electric and gas lighting plants here, these being owned by the Oshkosh Gas Light company, headed by Edgar P. Sawyer as president.

In one year, about 1,500,000 tons of steel are used in the manufacture and repair of automobiles and motor trucks.

## BEAR CREEK COUPLE IS MARRIED FIFTY YEARS

Mr. and Mrs. Anthony McCrone, 67, were given an old fashioned charivari at their home in Bear Creek Wednesday evening by a large number of old friends in honor of their golden wedding anniversary. They were invited in and were pleasantly entertained. Mr. and Mrs. McCrone were among the earliest settlers of Outagamie county. They came from Ireland in 1848 and bought a farm in Deer Creek, where they made their home until a few years ago, when they disposed of it to their son Steve and moved to the village of Bear Creek. They have two daughters and four sons living. Mrs. John Newland, Appleton; Mrs. Anna Johnson, Mike McCrone, Anthony McCrone, Jr., and Steve McCrone, Deer Creek; and John McCrone, Embarras, Mr. and Mrs. McCrone were the recipients of a large number of presents.

## AID ROAD FINANCING BY NEW BONDING LAW

Marketing of road bonds by counties will be made easier through the passage by the legislature of the Young bill, which was approved by Gov. J. J. Blaine several days ago.

Counties will be permitted to sell highway bonds below par to net not more than 6 per cent. Stringent money conditions have made it difficult to induce banks and bonding companies to buy bonds because of the low interest rate, with the result that money for road building purposes has not been quickly available.

The bond issue now offered by the Outagamie county board will not be affected by the law, according to H. A. Kamps, county clerk, but will apply to future issues.

From earliest times the violet has formed a confectionery delicacy.

## LIST HOLSTEINS FOR SPRING SALE

Sales Committee of Holstein Association Begins Listing Wednesday.

Any pure bred black and white cow in the county that has an extra shade of quality or type over her Holstein herd sisters, or holds a production record that swells the cream check noticeably each month is to be slated for a new owner within the next few days. Holstein association officials who met Saturday will start a tour of herds Wednesday to obtain listings for the sale in Appleton May 27, and will visit those dairy farms where there is a surplus of pure bred.

About 50 females are wanted for the sale, the committee decided. High standards have been set to maintain the reputation Outagamie county is fast building up for itself in the pure bred Holstein field.

Members of the sales committee are Fred Ziegler, Apple Creek, chairman; George Schaefer, Appleton; Lloyd Tubbs, Seymour, and Paul O. Nyhus, farm agent of the First National bank.

### Corporation Collector Here

Frank Hornum, corporation specialist in the Milwaukee internal revenue office, arrived here Monday and will be at the city hall Tuesday and Wednesday to assist those seeking advice on federal income tax matters. A deputy collector will be at the city hall regularly until the end of the period for filing returns, March 15.

Who is the most dignified man you know? Get him to read what George Ade says in March Cosmopolitan, now on sale. Dealer P. M. Conkey & Co.

## REALTY TRANSFERS

Among the real estate transfers recorded at the office of register of deeds Monday morning were: Fred Stank to Mathew J. Daul, land in town of Free-

dom, including cheese factory, consideration, private; Joseph Brockman, Jr., to Mike VanAel, land in Centar; consideration, private.

Sing Sing prison in New York was named after an Indian tribe.

## Elderly People Need This In Medicine Chest

To relieve chronic constipation, always keep a bottle of Dr. Caldwell's Syrup Pepsin handy.

NEARLY all people as they advance in age suffer from chronic constipation. Many, however, are indifferent to the laxative they use, on the theory that "they are all alike." That is a great mistake.

Dr. Caldwell's Syrup Pepsin, for example, is a mild, gentle liquid laxative, and it does not lose its effect with repeated use. It so trains the bowel muscles that in time medicines of all kinds can be dispensed with.

A sixty-cent bottle of Dr. Caldwell's Syrup Pepsin will last many months. The prescription was written thirty years ago by Dr. W. B. Caldwell, a well-known family doctor, who is himself now in his 82nd year and can appreciate what chronic constipation must mean to elderly people; how it brings on headaches, colds, loss of appetite and sleep, heaviness and a general dull feeling.

Every home that has an elderly man or woman should be provided with a bottle of Dr. Caldwell's Syrup Pepsin. Eight million bottles were bought at drug stores last year. It is a truly wonderful constipation remedy.

### TRY IT FREE

Send me your name and address and I will send you a free trial bottle of my Syrup Pepsin. Address me Dr. W. B. Caldwell, 513 Washington Street, Monticello, Illinois. Everybody now and then needs a laxative, and it is well to know the best. Write me today.

# Start Tonight

## This new way to beautiful teeth

Your druggist today has a new way of teeth cleaning. And a ten-day tube is free.

Millions of people now employ it. Leading dentists everywhere advise it. You would never go without it if you knew.

Go ask for that free tube. There are few things more important than well-protected teeth.

### Remove the film-coat

You brush teeth now, but you leave much of the film. A viscous film clings to the teeth, enters crevices and stays. The ordinary tooth paste does not end it. So teeth too often discolor and decay.

Dentists now know that the reason lies in film. That causes most tooth troubles. And, until one ends it, brushing fails to save the teeth.

It is the film-coat that discolors, not the teeth. Film is the basis of tartar. It holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay.

### What you will see

A test of Pepsodent brings quick and unique effects. One sees and feels them clearly. And a book which comes

with the 10-Day Tube tells the reasons for them.

One ingredient is pepsin. Another multiplies the starch digestant in the saliva to digest starch deposits that cling. Each application also multiplies the alkalinity of the saliva—to neutralize the acids which cause tooth decay.

Two factors directly attack the film. One keeps the teeth so highly polished that film cannot easily adhere.

Day by day we fight the film and all its ill effects. You see the results in whiter teeth. You feel them in cleaner teeth. But the great results are such protection as teeth never had before.

You owe yourself a knowledge of these facts. Old ways of brushing have proved sadly inadequate. Nearly everybody at some time suffers troubles caused by film.

Now science knows how to combat film, and in ten days you can know. Never again will you trust the old ways when you know the new.

### Teeth will glisten when the film-coat goes

Get this free tube and watch it. Note how clean the teeth feel after using. Mark the absence of the slimy film. See how teeth whiten as the film-coat disappears.

You will instantly know that Pepsodent does what nothing else has done. In a few days you will realize what clean teeth mean.

**APPLETON POST-CRESCENT**  
VOL. 37. No. 231.  
PUBLISHED DAILY EXCEPT SUNDAY, BY THE  
POST PUBLISHING COMPANY,  
APPLETON, WIS.  
K. KLINE, President  
TURNBULL, Secretary-Treasurer  
DAVIS, Business Manager  
SUBSCRIPTION RATES:  
APPLETON POST-CRESCENT is delivered  
to city and suburban subscribers for  
one year \$1.00 in advance. By  
mail \$1.00, three months \$1.50, six months  
\$2.00 in advance.  
Audit Bureau of Circulation.  
Circulation Guaranteed.

**YAP**  
The little island of Yap, a mere speck  
in the Pacific, which is about ten miles  
long and lies some 800 miles east of the  
main part of the Philippines, has sud-  
denly loomed large in international im-  
portance. It is the center of a dispute  
between the United States and Japan  
and the allied supreme council  
recently. Yap's importance lies in the  
fact that it is the landing place of many  
lines which traverse the wide ex-  
panse of the Pacific ocean, and is there-  
fore the key to cable communication in  
the western part of the world.

The action of the supreme council  
has been put under a mandate in-  
voking Japan. Secretary Colby has  
expressed a protest to the League of Na-  
tions and declares in polite but unmis-  
taking terms that the United States did  
not give its consent to the transfer and  
does not regard itself as bound by the  
decision. Dispatches from Tokyo indi-  
cate that Japan will insist on its manda-  
te to Yap. The position of the press of  
the United States is that the United States  
has no objection to the mandate by reason  
of the fact that it has not ratified the trea-  
ty of peace and has not entered the League  
of Nations.

The island of Yap was a German posses-  
sion and in the assigning of mandates  
it was given all former German  
rights in the Pacific ocean north of the  
equator. President Wilson at Paris in-  
voked the League of Nations to have made an oral reserva-  
tion regarding Yap, but Japan asserts  
that it was not represented and has no of-  
ficial cognizance of this proceeding of  
the peace council. The United States  
insists on the use of the language of Sec-  
retary Colby, that "Yap enters necessari-  
ly into any project or system of practical  
communication by cable in the Pacific."

The public will now have an opportu-  
nity to see what it was, a case of sentimen-  
talism versus honesty. If we were to set  
up the principle that an employee is pri-  
vileged to rob an employer whenever he  
thinks he is not being paid all that he  
should receive for his services there would  
be no reason to fix a salary or wage for  
any employment. Stealing would be le-  
gally licensed and a premium placed upon  
dishonesty and crime.

Judge Landis doubtless was actuated  
by the best of motives in his handling  
of the Francis Carey case but even if it  
did result in business institutions increasing  
their payrolls it would be a costly dose  
of social vermin. The fact is that nei-  
ther the Dalton nor the Carey boy stole  
money to pay impossible debts or to re-  
lieve straitened circumstances. They  
stole with the primary motive of appro-  
priating to themselves money which be-  
longed to others. To excuse or palliate  
their crimes because they may have been  
underpaid by their employers, although  
it is not clear that they were underpaid,  
would be a monstrous subversion of jus-  
tice and would lead to ruin.

The way to cure the nation of social  
injustice is not with crime. That is the  
bolshervist's method, the theory of the an-  
archist, the latter asserting in addition  
to the right to rob the right to kill. No  
boy has to commit crime to succeed in  
this country. No boy can succeed by this  
route. Judge Landis to the contrary not-  
withstanding, both of these boys had ex-  
cellent opportunities to become respected  
and successful citizens. It is only man-  
lin sentiment that excuses either. The  
boys may have been victims of an atmos-  
phere which encourages crime, but to  
treat them as martyrs or as irresponsible  
fortunates would be only to still fur-  
ther stimulate the tendency to rob and  
practice dishonesty. The boys did what  
they knew was wrong, and the way to de-  
ter other weak-minded pool room devotees  
from similar pitfalls is to make an exam-  
ple of them. Society may at the same  
time take stock of itself and its own re-  
sponsibilities, but even if it does not it  
would be folly to make its remissness an  
excuse for crime.

**FARM DEFLATION**  
The cattle prices have fallen to less  
than what they were before this country  
entered the war. Hog prices are but a  
fraction higher than in 1917. The aver-  
age corn crop is worth less than in

February, 1917. About the same low  
level has been reached by every farm  
product.  
There is no doubting the statement that  
the farmer is on a pre-war price basis—  
as far as selling goes. He still is buying  
fertilizer, machinery, gasoline and other  
necessities at prices considerably higher  
than he paid in the early months of 1917.  
The American farmer cannot long con-  
tinue selling on a deflated, and buying on  
an inflated market. His selling prices  
must rise, or his buying prices must drop.  
The farmer cannot be expected to conduct  
his industry as a philanthropy. If there  
is one business above all others that must  
be kept solvent and profitable it is that  
of agriculture.

One of the first things to which the new  
administration should address itself in  
our economic affairs is the problem of ter-  
minating the excessive deflation in farm-  
ing, not by fantastic and ineffectual tar-  
iffs but by restoring American markets  
abroad and by such protective legislation  
as will assist the farmer in marketing his  
crops and financing his needs advan-  
tageously.

**CRIME AND WAGES**

The so-called crime-wave had a sensa-  
tional culmination in the theft by William  
Dalton, 17-year-old clerk, of \$772,000  
in Liberty bonds from the Northern Trust  
company in Chicago. The boy was cap-  
tured after a short flight, and his explana-  
tion of his act is of judicial interest and  
social concern.

The boy says he took the money on an  
impulse. Incidents which gave rise to  
the impulse included, he said in a confes-  
sion, the reading of a story about a bank  
theft similar to the one he committed,  
the leniency shown by Judge Landis to  
the youthful Ottawa bank cashier who got  
away with \$96,000 and to portrayals of  
crime by the movies.

Judge Landis' leniency to the Ottawa  
offender was based upon the ground that  
he was paid a salary of \$90 per month,  
the court impliedly censuring the bank  
for the salary and suggesting that it had  
contributed to the crime by reason of this  
treatment of employees. At the time Judge  
Landis sent the Carey youth home to  
think over the case there was doubtless  
considerable popular opinion which ap-  
proved his course.

The public will now have an opportu-  
nity to see what it was, a case of sentimen-  
talism versus honesty. If we were to set  
up the principle that an employee is pri-  
vileged to rob an employer whenever he  
thinks he is not being paid all that he  
should receive for his services there would  
be no reason to fix a salary or wage for  
any employment. Stealing would be le-  
gally licensed and a premium placed upon  
dishonesty and crime.

Judge Landis doubtless was actuated  
by the best of motives in his handling  
of the Francis Carey case but even if it  
did result in business institutions increasing  
their payrolls it would be a costly dose  
of social vermin. The fact is that nei-  
ther the Dalton nor the Carey boy stole  
money to pay impossible debts or to re-  
lieve straitened circumstances. They  
stole with the primary motive of appro-  
priating to themselves money which be-  
longed to others. To excuse or palliate  
their crimes because they may have been  
underpaid by their employers, although  
it is not clear that they were underpaid,  
would be a monstrous subversion of jus-  
tice and would lead to ruin.

The way to cure the nation of social  
injustice is not with crime. That is the  
bolshervist's method, the theory of the an-  
archist, the latter asserting in addition  
to the right to rob the right to kill. No  
boy has to commit crime to succeed in  
this country. No boy can succeed by this  
route. Judge Landis to the contrary not-  
withstanding, both of these boys had ex-  
cellent opportunities to become respected  
and successful citizens. It is only man-  
lin sentiment that excuses either. The  
boys may have been victims of an atmos-  
phere which encourages crime, but to  
treat them as martyrs or as irresponsible  
fortunates would be only to still fur-  
ther stimulate the tendency to rob and  
practice dishonesty. The boys did what  
they knew was wrong, and the way to de-  
ter other weak-minded pool room devotees  
from similar pitfalls is to make an exam-  
ple of them. Society may at the same  
time take stock of itself and its own re-  
sponsibilities, but even if it does not it  
would be folly to make its remissness an  
excuse for crime.

**Health Talks**  
BY WILLIAM BRADY, M. D.  
Noted Physician and Author.  
Dr. Brady will answer all signed letters  
pertaining to health. Writers' names are never  
printed, but in rare cases of general interest are  
answered in this column. All letters will be  
answered by mail if written in ink and a  
stamped, self-addressed envelope is enclosed.  
Requests for diagnosis or treatment of indi-  
vidual cases cannot be considered. Address  
Dr. William Brady, in care of this paper.

**THE CONSTIPATION HABIT**  
The first dose of castor oil or other physic given  
to the baby is a tremendously important matter  
which calls for the judgment of the physician.  
Parents are easily misled when they permit anyone  
else to decide this question. A baby is a delicate  
bit of machinery—that is, very finely adjusted, not  
weak, perfectly co-ordinated like a fine watch. Heed-  
less attempts to regulate a watch with a hammer  
or a monkey wrench are scarcely deemed advisable.  
The second and third doses of castor oil or other  
physic are even more injurious than the first. The  
first dose is, in rare cases, perhaps a necessary  
evil, but an evil nevertheless. The second and third  
doses tend to establish or increase the inco-ordi-  
nation brought about by the first and then set up a  
state of dependence on artificial stimulants to per-  
istalsis or bowel movement. From this unwise or  
ill-advised resort to physics in the early days or  
weeks of life, the constipation habit is commonly  
established, and unless every care is taken the  
habit tends to become more fixed as the years pass.  
Another factor of the constipation habit is inade-  
quate feeding in infancy. For one reason or an-  
other, often unnecessarily, the mother decides to  
wean the baby and resort to artificial feeding. She  
makes a half-hearted attempt to modify fresh milk  
to suit the baby's age and condition, and meeting  
with discouragements she readily listens to sug-  
gestions of advisers who are really not qualified to  
determine the food requirements of a growing child,  
and thus the baby is cheated with some deficient  
food which may be very convenient to prepare and  
entirely digestible but which, nevertheless, cheats  
the baby out of vitally necessary elements such as  
fat or vitamins (growth-promoting factors). A food  
preparation lacking a fair proportion of fat (a pro-  
portion akin to the four per cent in the baby food  
supplied by Nature) is bound to favor the consti-  
pation habit; moreover, such foods, if relied upon  
as the sole nourishment of a baby for many weeks  
or months, promote scurvy and rickets.  
Still a third common factor of the constipation  
habit is failure to add substantially to the diet of  
the average normal infant from time to time in the  
first year of life. Thus, orange juice or any other  
fruit juice or tomato juice, any of these raw or  
cooked, should be given every day or two, from  
one to several teaspoonsful, between milk feedings,  
from the third or fourth month of age; and from  
the sixth month any fresh meat broth (beef, chick-  
en, mutton) should be given about twice weekly to  
babies from the age of seven or eight months. Along  
with this a teaspoonful or two of any vegetable,  
thoroughly cooked and strained through a sieve  
may be given. The average baby is cutting teeth  
every minute, day and month from the age of six  
months to the age of twenty-five years, and the  
teeth are undoubtedly intended to function.

**QUESTIONS AND ANSWERS**  
*Left-handedness*  
My two year old daughter is rather nervous, and  
she is inclined to use her left hand. I have been  
trying to make her use the right, but a friend told  
me it would only make the child more nervous.  
Please advise me whether I should persist. (A. M. R.)  
**ANSWER**—I think it is better not to interfere.  
Forced change, if the child is naturally left-handed,  
does tend to create nervousness and sometimes  
causes stammering and backwardness. What is your  
objection to left-handedness?  
*Our Cheerful Neighbor*  
Our little boy is recovering from scarlet fever.  
Some of the neighbors tell us it always leaves the  
child afflicted with some disease of the heart or  
kidneys. Is there anything I can do to prevent  
that? (Anxious Mother.)  
**ANSWER**—The neighbors, as usual, misinformed you.  
Just follow your doctor's directions and no  
doubt the child will make a complete recovery.

**Twenty-Five Years Ago**  
Tuesday, March 3, 1896  
The Harmonie club held a regular business  
session.  
Joseph Spitz was in Chicago on a several days'  
business trip.  
Harold Galpin, who was at Mount Clemens wrote  
to friends here that he was being greatly benefited  
by the baths and treatment he was daily receiving.  
J. C. Armstrong, traveling salesman for Combined  
Locks Paper Co., tendered his resignation for the  
purpose of going into business for himself in Chi-  
cago.  
The new metallic telephone line between Apple-  
ton and Neenah was completed.  
At a meeting of the Early Closing League the pre-  
vious evening a petition was presented asking that  
the early closing agreement be suspended after  
March 1. After a discussion a compromise was  
made on the basis of March 15, at which time the  
hour for closing was to be extended to 8 o'clock.  
Miss Maggie Patton, 17, died the night previous  
at the home of her parents, 447 Locust street.  
Arrangements for the celebration of St. Patrick's  
day were being made by Catholic societies on an  
extensive scale. James Lennon was to be president  
of the day and the program was to consist of the  
usual parade in the morning, dinner at Columbia  
hall followed by speeches, music and other exercises  
at the hall.  
Republican ward caucuses for the naming of dele-  
gates to attend the Republican county convention  
for the purpose of electing delegates to the con-  
gressional and state conventions were called for  
7:30 p. m. Friday, March 12, at Shannon's store,  
police station, Third ward engine house, Johnson  
& Schlosser's office, Nic Merritt's shop and Barrow's  
shop.  
Petitioners were selling 2,400 men's and youth's  
white shirts with worked buttonholes and rein-  
forced shoulders at 25 and 35 cents each.

**GET WHAT YOU WANT**  
By White Hadley  
Senator Henry F. Ashurst of Arizona has never  
believed in the Micawber-like business of "waiting  
for something to turn up."  
He started life as a cow-guerrilla and farmhand.  
He told friends he would some day become a United  
States senator or die trying.  
They laughed.  
In Phoenix he went to work as a hayfield hand.  
Then he became a lumber-jack, and a hog-carrier.  
He studied shorthand at 19 and worked during  
spare time as a reporter.  
At Williams, Ariz., he worked as a clerk-steno-  
grapher in a law office and read law.  
In 1896, when 23, he jumped the state for Bryan  
and had himself elected to the Legislature.  
He says: "You can get what you want if you  
want it hard enough."

**LIBRARIES DISCOURAGED**  
Sunday newspapers are said to have been started  
between 1788 and 1789. Circulating libraries were  
first set up in London in 1750, and in Birmingham  
in 1752. They increased so rapidly that some were  
soon prepared to tax them.

**For A Corn-Fed-World**  
By Frederic J. Haskin  
Washington, D. C.—Can Europe and  
Asia be taught to eat corn?  
This momentous question has been  
raised again by  
the gift of a mil-  
lion bushels of  
corn which Amer-  
ican farmers are  
sending to starv-  
ing Europeans  
and Chinese.  
You must know  
that in practi-  
cally no country  
outside of the  
two Americas has  
maize, or Indian  
corn, been used  
to any extent as  
human food. It  
has been re-  
garded as food  
for livestock on-  
ly. The un-Amer-  
ican has simply never learned  
to eat corn. But now large sections  
of that world are starving. This would  
seem to be a most unusual opportu-  
nity to teach Europe and Asia to eat  
corn to the advantage of all parties  
concerned. Europe would have a  
new food, and America would have a  
new export market for its growing  
corn crop.  
Last season this country produced  
3,223,367,000 bushels of corn, consid-  
erably more than the average for the  
past five years—2,760,000,000. But the  
big crop has not brought prosperity  
to the mid-western farmers. Instead,  
corn prices have fallen to less than  
half what they were last year, and  
many farmers have harvested their  
corn at a loss.  
In view of these facts a young Illi-  
nois farmer suggested the gift of corn  
project, which has grown to such pro-  
portions. The offer was made to the  
committees for relief in China and the  
Near East. They considered the  
difficulties of transportation and de-  
cided to try to overcome them by ob-  
taining donations of money and help.  
Some money has already been col-  
lected, and trainmen have offered  
their services free in carrying the  
grain across country.  
With this much of the ways and  
means problem worked out the corn  
is beginning to be collected at railroad  
centers and the first cargo has been  
shipped to Constantinople. An at-  
tempt is to be made to keep track of  
individual donations, so that a report  
can be rendered to the giver, showing  
when and by whom the corn was  
used.  
**Shipping Troubles**  
Shipping corn is a much more com-  
plicated business than shipping wheat.  
There is about 12 per cent water in  
corn, and the moisture in the grain is  
therefore apt to cause mold in the  
course of lengthy transportation.  
Damage due to moisture has fre-  
quently been a cause of complaint in  
the comparatively small shipments of  
corn which we have sent to Europe.  
Water can, however, be baked out  
of the corn by a kiln drying process,  
after which it will keep for a much  
longer time. This precaution is to be  
taken before the gift of corn is  
shipped abroad in the form of meal,  
grits, and hominy. Preparing the  
corn will mean some delay, but special  
machinery which would not be  
generally available abroad is needed.  
A first shipment is expected to reach  
China in April, and it will then be  
ready for immediate consumption.  
As distribution of the corn is to be  
directly in the hands of relief com-  
mittees no difficulty in getting the  
people to eat the corn is anticipated.  
In China where thousands of people  
have been trying to live on bark and  
mosses, there will be no cavilling over  
the American corn being pig's food.  
And the committees believe that the  
grain will be equally welcome in Ar-

menia and Hungary. Corn was used  
to some extent in Austria during the  
war. Europe has never liked it very  
much, however, and generally pre-  
ferred rye when wheat was not to be  
had.  
Americans have felt that this dis-  
like was due mainly to ignorance—  
not many Europeans know much  
about corn, and those who have tasted  
it more often than not were pre-  
judiced by bad cooking.  
There is a story along this line  
about Carlyle and Emerson. Em-  
erson wrote to his friend, Carlyle, re-  
commending corn as a food and say-  
ing that he had sent a package so  
that the Carlyle family might try it.  
Carlyle wrote back politely, to thank  
Mr. Emerson, but to say that, after  
several experiments they really did  
not find the flavor of corn meal agree-  
able. The correspondence stopped  
here until Mrs. Emerson could copy  
off some of her best recipes. Then  
the Carlyles were asked to try again.  
They did, and wrote back enthusias-  
tically to know where they could get  
more of the American delicacy.  
**Carlyle Ate Corn**  
This incident, from the letters of  
Carlyle and Emerson, is one of the  
grounds on which Americans base  
their conviction that Europe would  
like corn if it could ever be persuaded  
to give it a fair trial. The department  
of agriculture once sent demonstra-  
tors and lecturers over to Europe to  
enlighten the different countries as to  
the possibilities of Indian corn.  
Neither eloquence, nor samples of  
corn disguised in griddle cakes, muff-  
ins, gingerbread, or corn pone  
aroused any enthusiasm. Mostly,  
those present did not even come for-  
ward to get the samples.  
Because of such experiences, when  
the food shortage began to afflict  
Europe, the United States did not  
send corn to the rescue. You may re-  
member that Herbert Hoover urged  
us to eat more corn and save wheat  
because Europe could not very well  
be taught to eat a new kind of food in  
so critical a period.  
Now the situation is different, and  
Hoover accepted the offered corn  
gladly. About 1,000,000 bushels of it  
is announced will be fed to children  
of the famine areas, and probably  
most of it will be prepared by the re-  
lief organizations and served to the  
children as feeding centers.  
What goes to adults may or may  
not be cooked before distribution.  
Where it is not prepared for eating di-  
rectly will doubtless be given to in-  
sure sufficient cooking.  
With adequate cooking, the nutri-  
tive value of corn is about the same  
as that of wheat. Corn contains a  
large amount of sugar and starch  
which supply the body with  
heat and energy. It also has a good  
deal of protein which builds up the  
body tissues. It is not, however,  
rich in minerals, needed in bone for-  
mation. Experiments have shown  
that corn is about as digestible as  
wheat and that 90 per cent of its dry  
matter is absorbed in the process of  
digestion.  
Possibly it does not become Ameri-  
can because of its lack of appreciation of corn. The  
high nutritive value of corn is real-  
ized all over this country and we have  
been eating it ever since the Pil-  
grims by accident dug up some seed  
corn buried by the Indians and got  
them to explain the growth and uses  
of the grain. Further back than that,  
Columbus is said to have found  
corn growing over here, and the Az-  
tecs in their great civilization used it.  
This country has had plenty of time  
to study corn and its uses. Yet it is es-  
timated that less than 10 per cent of  
our big corn crops is eaten by peo-  
ple, whereas practically all of the  
wheat is turned into flour.

**THE QUESTION BOX**  
(Any reader can get the answer to any question by writing The Appleton Post-Crescent, Frederic J. Haskin, Director, Washington, D. C. This offer applies strictly to information. The Bureau cannot give advice on legal, medicinal, and financial matters. It does not attempt to settle domestic troubles, nor to undertake exhaustive research on any subject. Write your question plainly and briefly. Give full name and address and enclose two cents in stamps for return postage. All replies are sent direct to the inquirer.)

Q. What does "N. C." stand for in  
"N. C. 4"? T. L.  
A. The Navy Department says that  
the N. C. in N. C. 4 stands for naval  
class. There has been some discus-  
sion on this matter and some authori-  
ties state that the letters stand for  
"Naval-Curtiss" referring to the type  
of machine used in these naval planes,  
but the construction and repair divi-  
sion of the navy department offers  
the former as the correct reason.  
Q. When will Father's Day be this  
year? F. S. H.  
A. Father's Day is the third Sun-  
day in June. This year it will fall on  
June 15.  
Q. Would a person purchasing a  
diamond in France have to pay duty  
on it when returning to the United  
States? D. M. V.  
A. The Bureau of foreign and do-  
mestic commerce says if a diamond  
is cut and not set there will be a duty  
of 20 per cent of the value of the  
diamond. If the diamond is rough  
and uncut there will be a duty of 20  
per cent of the value.  
Q. Is there any simple way of tell-  
ing cane sugar from beet sugar?  
J. W. O'N.  
A. The bureau of plant industry  
says there is no simple test for de-  
termining whether sugar is made  
from sugar cane or beet. Only a  
chemical analysis will determine this  
fact.  
Q. What is the origin of the expres-  
sion "Three cheers and a tiger"?  
What does it mean? C. L. G.  
A. The following explanation has  
been made: In 1822, the Boston Light  
Industry, under Captain Mackintosh,  
visited Salem and was encamped in  
Washington Square. During their  
stay, the men indulged in various  
kinds of sports, and on one occasion  
a visitor happened to say to one who  
was particularly rough—"Oh! you  
tiger!" The phrase became a catch-  
word and later the tiger grew was

**Perhaps Rodin's 'Thinker' had it all thought out—**  
that it was just as well to  
go without clothes—as to wear  
poor ones.  
Fine thought even now—for if we  
do say it ourselves with a  
seemingly ulterior motive—this  
season's market is flooded with suits  
that you wouldn't wear—IF  
**YOU COULD SEE THEM AFTER  
TWO WEEKS WEAR.**  
Honest.  
You want good material and  
workmanship and that kind cannot  
be bought and will not be sold  
this season at \$20 and \$22.  
We say pay \$30 because at this  
figure and up we are showing  
enormous values in the kind of  
garments that make real  
friends.

**REFUSE PERMISSION  
TO BOOST CAR FARES**  
Madison, Wis.—The Manitowoc  
and Northern Traction company was  
denied an increase in city fare rates  
by the railroad commission Monday  
but was allowed to increase its inter-  
urban fares. The commissioners took  
the position that the service given the  
Manitowoc people did not justify an  
increase of from six to ten cents.  
Interurban fares were increased  
approximately 25 per cent. Work-  
men's commutation books of 40 tickets  
were increased from \$6 to \$7.  
A new rate in the form of 50 tickets  
for \$3.00 was authorized to be used on-  
ly by members of a particular family.

# News of Interest From County and State

## NEW LONDON BOY LOSES LEFT HAND

Raymond Schimke's Hand Caught in Feed Cutter. Old Resident is Dead.

(Special to Post-Crescent)  
New London—John Carew, a life long resident here died in an Appleton hospital after an illness of long duration. Mr. Carew was 55 years of age. The survivors are three daughters: Mrs. Jennette Byse of Oshkosh, Mrs. Mabel Watt of Rush City, Minn., and Mrs. Mary Backes of this city. One brother and several sisters also survive. The body was brought to this city and the funeral was held from the Masonic Temple, conducted by the Blue Lodge of which he was a member. The address was given by C. B. Stanley. Burial took place at Rose Hill cemetery.

Raymond Schimke had his left hand cut off Saturday while he was attempting to clean out the knives of a straw cutting machine. Herman Schimke, Raymond's father, was cutting oat straw with a power machine and Raymond reached up to clean the knives. It was found necessary to amputate the hand below the wrist.

Sons were born during the last week to Mr. and Mrs. John Sanders and Mr. and Mrs. A. Sommers. A daughter was born to Mr. and Mrs. Albert Martin.

No trace has yet been discovered of the robbers who broke into the G. A. Vandree department store and escaped with about \$5,000 worth of furs and valuable articles. The authorities are still working on the case.

The social given on Saturday evening at the Elm school was a decided success financially and socially. Andrew Laib acted as auctioneer and sold pies, candy and popcorn, sandwiches and coffee. Large crowds were in attendance from Maple Creek and Sugar Bush as well as from New London.

Mrs. Ellen Van Lassel was hostess to a number of ladies Friday afternoon at her home of North Water-st. The occasion was Mrs. Van Lassel's birthday anniversary and 73 ladies helped her celebrate. The house was elaborately decorated and the following ladies assisted her in receiving: Mesdames Poole, Rogers, Johnson, Seccord, Davis, Berman and Roe.

Arthur Vaughn of the Borden Condensory is in Chicago where he is taking a course in chemical and general laboratory work.

The buildings of the Northern Lumber and Supply company are being remodeled. The brick vault and old safe will be taken out and partitions removed so as to make on large display room. The company will also enlarge the paint and varnish rooms so it can house more stock. As soon as warmer weather comes the grounds will also receive attention and cement walks will be built and flower beds laid out.

## DEMANDS \$80,000 FOR WIFE'S LOVE

Jamesville Auto Salesman Charges Darien Man With Stealing Spouse.

(Special to Post-Crescent)  
Jamesville—Arthur S. Hatch, Delavan, automobile salesman, seeks a heart balm of \$80,000 from John B. Johnson, Jr., son of Frank Johnson, leading citizen of Darien, on a complaint making sensational charges involving the alleged alienation of affections of Mrs. Hatch.

The case will be tried in circuit court here during the spring term. Charging that the parties and the circumstances of the action are too well known in Walworth county it was brought to Rock county on a change of venue.

Mr. and Mrs. Hatch were married in 1917 in Illinois. Mrs. Hatch is a daughter of a meat market owner and is reputed to be one of the best looking women in southern Wisconsin.

While the husband was away from home he charges parties and night rides took place. A climax came when Hatch, it is claimed, caught the Darien man and his wife out riding at a late hour.

## COMMISSION RULE IS PROPOSED FOR BELOIT

Beloit—A well organized movement is on foot to displace Beloit's city government with a commission city manager. Ward and district meetings have been called to promote the movement. It is proposed to elect five commissioners who shall employ a city manager under the Wisconsin statutes.

The present city government is vested in a mayor and eighteen aldermen, two from each ward. Proponents of the new scheme are asking candidates for alderman to agree to resign after one year, so the manager system can be installed if the voters accept it at the next election. Friends of the new plan claim that a more efficient and economical government can be secured through a one man autocratic power than by the present ward delegation in the council.

Opponents of the plan claim that it places a dangerous arbitrary power in the hands of one individual. The question will probably go to the voters in April.

## DRYS DON'T WANT TO REVIVE BILL

Expect Fight Thursday on Reconsideration of Matheson Measure.

(Special to Post-Crescent)  
Madison, Wis.—That there will be a fight on the motion of Assemblyman George J. Schwalbach, Calumet county, Thursday for the reconsideration on the vote by which the Matheson "bone dry" bill was sent to engrossment last Thursday, is a foregone conclusion, and although the drys believe they will win out the wets are just as confident that the motion will prevail.

It is now generally admitted that a strong prohibition enforcement bill will be passed by both houses of the legislature, but the big fight now is around the Cook amendment to cut out that part of the Matheson bill which gives the prohibition commissioner his deputies and the district attorneys and others the right to question anyone whom they so much as suspect has knowledge of any violation of the law.

"The clause as it now stands is more vicious, more drastic than the search and seizure clause which the Anti-Saloon league attempted to put into the Matheson act two years ago," declared one of the wets. "Everyone admits that we should have an enforcement act to keep here in the state any moneys collected in fines for violation of the eighteenth amendment, but the people will not stand for such drastic means as that clause now contained in the bill. A number of assemblymen who are recognized drys, and who supported the bill all the way through last Thursday, now that their attention has been called to that clause, will vote for reconsideration that it may be stricken from the bill."

The drys, on the other hand although admitting the clause is somewhat drastic, declare it is not nearly so vicious as it is painted by the wets and that no one need fear it unless they have guilty knowledge of the violation of the law, and that it is just for such people that the law is intended.

## INSTALL NEW BOILER IN LARSEN CHEESE FACTORY

(Special to Post-Crescent)  
Larsen—Several from here attended the Winniegar brothers play in Oshkosh Wednesday evening.

Miss Davis spent Saturday at home near Elsk.

The primary department of the school is closed on account of illness of the teacher, Miss Lydde, being sick.

Louis Clark was taken quite seriously ill, last week and was taken to St. Mary hospital, Oshkosh.

Francis Ford was an Oshkosh visitor Friday.

A new boiler was installed in the Lake View cheese factory last week.

Miss Edna Hanson visited her brother Weggs and family here a few days last week.

Betta Dobberka visited her sister, Mrs. Elmer Petterson of Winchester last week.

Mrs. Olsson visited her son Walter at this place a few days last week.

Grace Zebner spent Sunday with her parents here.

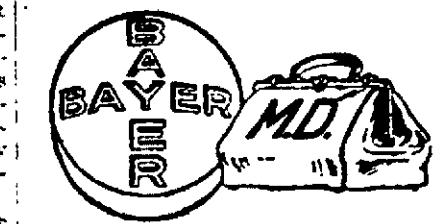

## TOO MANY DEER IN SAUK COUNTY, FARMERS SAY

(Special to Post-Crescent)  
Baraboo, Wis.—For several years there has been no open season for the killing of deer in Sauk county, and they have increased rapidly, becoming a nuisance to the farming community, especially to small fruit growers, by feeding on fruit buds and pawing up winter grain. During winter months when there is heavy snow it is not unusual for a herd to enter a farmyard and feed with domestic cattle and become tame. They do not remain long at a time, but come and go as they are hungry. Owing to the fact that the deer are protected the farmers dare not kill the animals for fear of prosecution, but farmers have petitioned the legislature to compensate them for damage done by the deer. No action has as yet been taken in the matter.

Sweet potatoes are used as silage in the south.

## ASPIRIN

Name "Bayer" on Genuine

Take no chances with substitutes. Unless you see the name "Bayer" on package or on tablets you are not getting genuine Aspirin prescribed by physicians for twenty-one years and proved safe by millions. Take Aspirin only as told in the Bayer package for Colds, Headache, Neuralgia, Rheumatism, Earache, Toothache, Lumbago and for Pain. Handy tin boxes of twelve Bayer Tablets of Aspirin cost few cents. Druggists also sell larger packages. Aspirin is the trade mark of Bayer Manufacture of Monacoeleckstadt of Salkyland, adv.

## AIM AT SOCIALISTS WITH EXTRA PAY BILL

Benfey Bill Would Prohibit Extra Pay for Members of the Legislature.

(Special to Post-Crescent)  
Madison, Wis.—Senator Theodore Benfey's bill, No. 160 S, relating to contributions toward expenses of members of the legislature, which is scheduled for a hearing before the senate judiciary committee on Thursday, is said to be aimed at the Socialists, who have been reported to pay a salary or expense money to their members in the legislature. The bill provides:

No political party, organization, committee, corporation or individual shall pay or contribute, or offer, consent or agree to pay or contribute directly or indirectly any money, property or thing of value to any member of the legislature as expenses or salary as a member of the legislature, and no member of the legislature shall accept, receive or agree to accept or receive any contribution of money, property or thing of value from any political party, organization, committee, corporation, or individual as expenses or salary as a member of the legislature.

The bill provides that anyone violating the above section shall be deemed guilty of bribery and punished as provided by law, and any member of the legislature who shall violate the section shall be disqualified from holding the office and shall be ousted from office.

Socialists have in the past denied that they received any aid, salary or expenses from their party, and that there was no need of such a law. However, members of the present legislature are insisting that the Benfey bill should pass as it will remove any question as to such aid. The attitude of the Socialists on the bill will be watched with interest.

In the Solomon Islands a bird called the megapode, the size of a pigeon, lays an egg larger than that of a goose.

"No-To-Bac" has helped thousands to break the costly, nerve-shattering tobacco habit. Whenever you have a longing for a cigarette, cigar, pipe, or for a chew, just place a harmless No-To-Bac tablet in your mouth instead, to help relieve that awful desire. Shortly the habit may be completely broken, and you are better off mentally, physically, financially. It's so easy, so simple. Get a box of No-To-Bac and if it doesn't release you from all craving for tobacco in any form, your druggist will refund your money without question. adv.

## JOB OFFICES SEND MANY MEN TO FARMS

More Than 600 Farm Hands Have Been Placed in State Since July.

(Special to Post-Crescent)  
Madison—The 11 free employment offices conducted by the industrial commission placed a larger number of men on farms during February than during the same month in any previous year. During the first three weeks of this month 329 men were referred to places on farms. Since January 1, a total of 626 men have been referred to farmers.

The employment offices report that practically all orders from farmers from their immediate vicinity have been filled. They are finding great difficulty, however, in filling calls for help from a distance, because men hesitate to spend a considerable sum for railroad travel without being absolutely sure of a job when they arrive.

Some farmers are overcoming this handicap by sending the advance railroad fare to the employment office, which protects the farmer by checking the applicant's baggage to him. This advance is taken out of the first month's wages of the men when hired.

It has been found difficult also to fill orders from farmers who offer less than the going wage, or who refuse to state definitely what wage they will pay. The going wage throughout southern Wisconsin for farm hands is \$35 to \$50, with some farmers offering as high as \$60 and \$65 per month. If wages below \$35 are offered, it is difficult to supply men with farm experience, except tramps, who are undependable.

## THE BEGINNING OF A BANK-NOTE

Little Marcia's baby dress though made of the finest linen was ultimately worn threadbare. One day it landed in the rag bag and was sold to the junk dealer. When the rag sorter touched the discarded garment he detected in a flash the fine quality of the flax and set it aside for a journey to the Bureau of Engraving and Printing at Washington. Eventually it became legal tender—a bank-note. Just how is told in one of the beautiful booklets about Our Government which we are sending each month to those interested.

Just send us your name and address and you will receive a copy of every issue of the series without charge.

## DIDN'T BOTHER ABOUT GETTING A DIVORCE

Milwaukee—Alleging that James Butler took his wife to Rockford, Ill., and married her without the preliminaries of divorce, and that the two are now residing in Madison, Frank Durisch filed suit in Circuit court on Monday for \$5,000 for the loss of his wife Sarah. He sets forth that they were married twelve years ago and lived happily until the entrance of Butler during the last year. According to H. P. Haberla, attorney for the husband, criminal proceedings will be brought against the two.

## SCHUSSMANN TO SEE INAUGURAL DOINGS

School Superintendent is in East—Five Students Complete Work.

Kaukauna—Leo G. Schussmann is attending a superintendents' convention in Atlantic City, N. J. Mr. Schussmann intends to go to Washington to attend the inaugural ceremonies of President-elect Harding on March 4.

**Five Complete Work**  
Only five students of the junior and senior classes have finished the reading required by the state reading circle. Every student must read six books approved by the reading circle as good literature, and make a report of the stories to the English teacher of the high school. Those who have completed the work are Fred Mueller, Stanley Whitman and Grace Hanson, seniors; Ruth Denzer and Marie Gossens, juniors. No sophomores have finished the reading requirement, and it is doubtful if any of the freshmen have finished.

**Kilsdonk Funeral**  
The funeral of Miss Johanna Kilsdonk, who died Friday afternoon at the home of her parents, Mr. and Mrs. Kilsdonk, was held at 9 o'clock Monday morning from Holy Cross church. The Rev. Peter J. Lochman was in charge of the services.

Six ladies of St. Ann court of the Women's Catholic Order of Foresters were honorary pallbearers and the members of the order attended the funeral in a body. The decedent is survived by her parents, three sisters, Mrs. J. E. Versteeg of Little Chute; Mrs. William Dussé and Mrs. Joseph Brown of Kaukauna; one brother, Martin J. Kilsdonk of Duluth, all of whom attended the funeral. Interment was in Holy Cross cemetery.

**In Green Bay Hospital**  
Mrs. Norman Jorgensen is in St. Mary hospital in Green Bay where she submitted to an operation for gall stones last Saturday.

**Another Student**  
Miss Leona Bosman of Freedom was added as a regular student in the Outagamie County Training school Monday.

**Parent-Teachers Meeting**  
The next regular meeting of the Park school Parent-Teachers association will be held Thursday evening in Park school. A short business meeting will be held at 7 o'clock, followed by a program. Miss Mary Nigl, city health nurse, is to speak. Everyone who attends the meeting will be expected to tell a humorous joke, story or declamation.

**Aid Society Meeting**  
The Ladies Aid Society of Reformed church will hold its regular meeting Thursday afternoon in the church basement. Hostesses for the day will be Mrs. C. H. Kunze, Mrs. Mike Kuchler and Mrs. H. Kuchler.

**Birthday Party**  
Members of Mrs. A. Stegeman's Reformed church Sunday school class were guests at a birthday party in honor of Miss Esther Paul, one of the class members, Saturday evening at the home of Miss Paul, Main-st. Entertainment consisted of music and games. Refreshments were served to 12 persons.

**Attend Celebration**  
The Young Peoples society of Evangelical Lutheran church attended the anniversary celebration

**Piles Dissolved Without Pain**  
I wish to announce that I have moved from my former location in the M. & M. Bank Bldg., to the Gross Building, where I will continue my treatment which dissolves piles without pain. Positive relief guaranteed or no charge for treatment. Call or write today for full information.  
DR. F. T. RILEY

## The STAGE

Elton R. Shaw

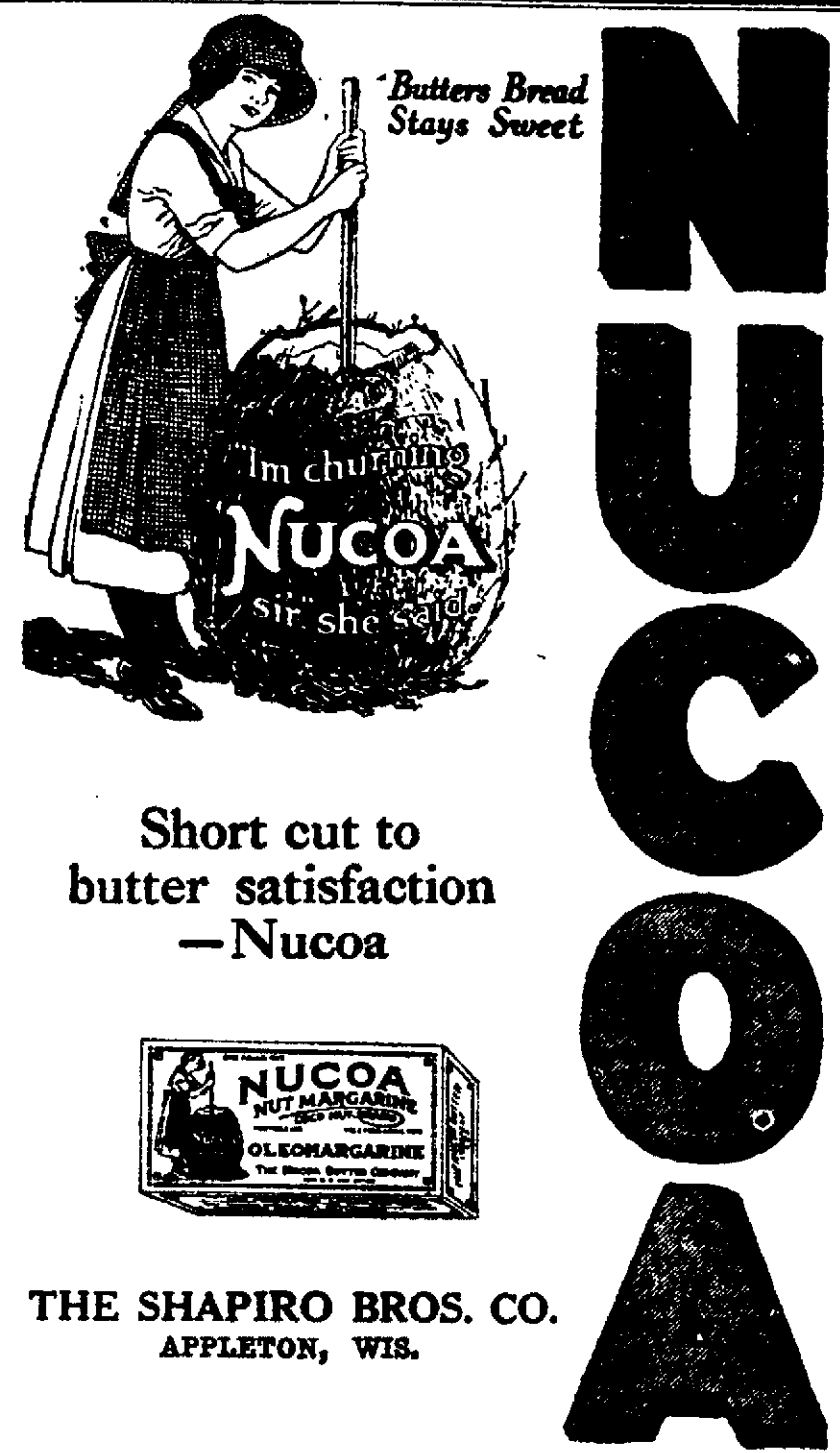

He has not eaten breakfast for over fifteen years, and yet he is unable to reduce from 156 pounds. He fully understands the human foibles about eating and yet he is not a professional dietician nor doctor. He knows all about the causes of divorce, and yet he is a most happily married man. When a boy, he could never "speak a piece" in school, and yet today he is one of America's polished lecturers.

The above description is of Prof. Elton R. Shaw, of Chicago, who will lecture Wednesday, March 2, in Lawrence Memorial chapel. His subject will be "Fools, Wise Men and the

## ARRANGE TRYOUTS FOR HEISS MEMORIAL TALKERS

A tryout contest for the students of the high school who wish to take part in the William Heiss memorial contest will be held in the high school March 11. Each of the two upper classes may choose one person to represent the class, and two senior representatives and one junior speaker are to be chosen by means of the tryout contest.  
Ralph Mullenix was elected by the seniors and Richard Nelson was elected by the juniors. As many students from the two upper classes as wish to take part may do so. The final contest will be held April 15. The winner will be awarded a silver loving cup, presented by the high school class of 1916, which is conducting the contest in honor of William Heiss, who was a leader among the students.

Rest of Us." Prof. Shaw will speak again in Lawrence Memorial chapel, Thursday, March 3, on "World Civic and Moral Problems."

## URGES COLLEGE STUDENTS TO PICK THEIR LIFE WORK

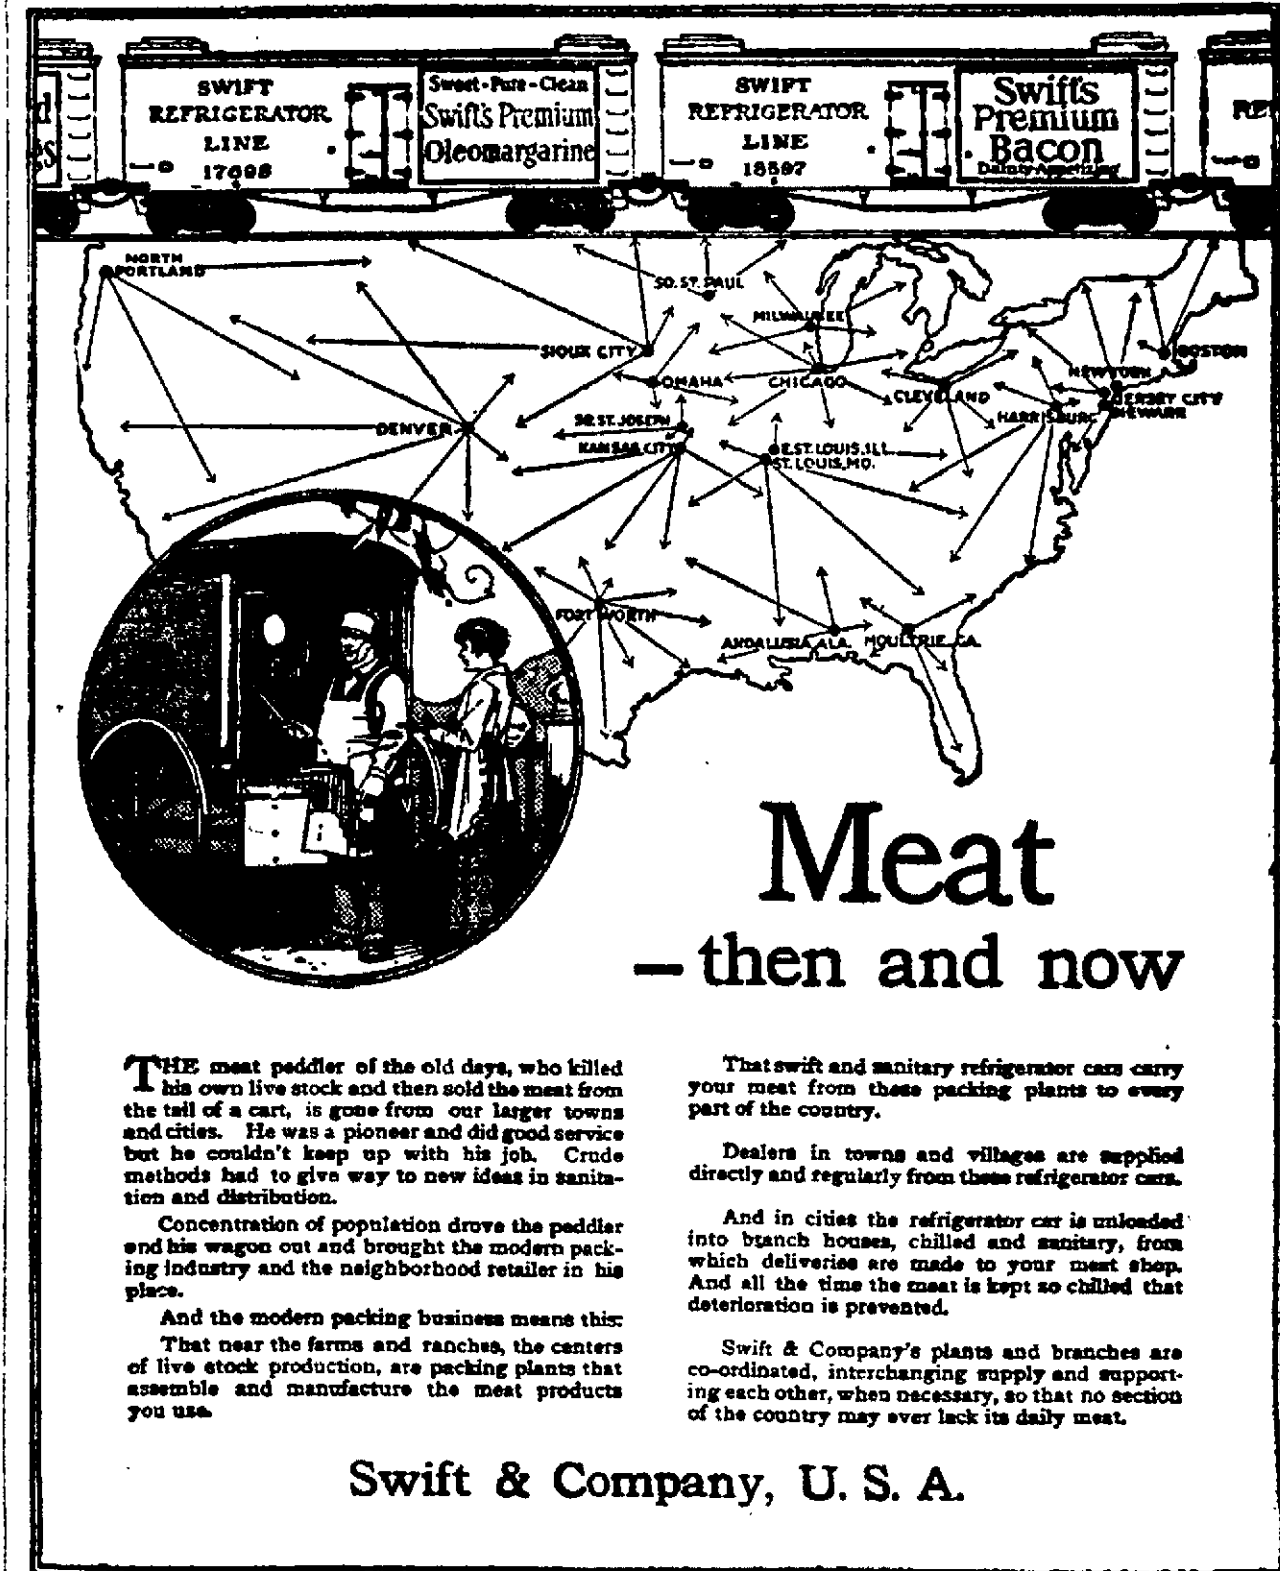

W. S. Ford spoke before the Lawrence students Tuesday morning during chapel exercises on "Vocational Guidance." He urged that every one decide definitely what vocation he intends to take up and prepare himself for that work. Mr. Ford said that everyone must be willing, as soon as he leaves school, to roll up his sleeves and go to work.  
He declared that people have been

educated to believe they send their children through high school and college so they won't have to work when they have completed their education. On the contrary, people go to school to become more efficient workers, he said.

How does the man going through the audience convey to the blindfolded lady on the stage what he is holding up for her to name? Read Fred C. Kelly's article in March Cosmopolitan. Get it today. Dealer P. M. Conkey & Co.

AWNING AND TENT CO.  
FOND DU LAC, WIS.

**Meat — then and now**

**THE** meat peddler of the old days, who killed his own live stock and then sold the meat from the tail of a cart, is gone from our larger towns and cities. He was a pioneer and did good service but he couldn't keep up with his job. Crude methods had to give way to new ideas in sanitation and distribution.  
Concentration of population drove the peddler and his wagon out and brought the modern packing industry and the neighborhood retailer in his place.  
And the modern packing business means this: That near the farms and ranches, the centers of live stock production, are packing plants that assemble and manufacture the meat products you use.  
That swift and sanitary refrigerator cars carry your meat from these packing plants to every part of the country.  
Dealers in towns and villages are supplied directly and regularly from these refrigerator cars.  
And in cities the refrigerator car is unloaded into branch houses, chilled and sanitary, from which deliveries are made to your meat shop. And all the time the meat is kept so chilled that deterioration is prevented.  
Swift & Company's plants and branches are co-ordinated, interchanging supply and supporting each other, when necessary, so that no section of the country may ever lack its daily meat.

**Swift & Company, U. S. A.**

**BUICK**

If you believe Buick owners praise their cars too highly, try out a new 1921 Buick.

You will find the Buick Valve-in-Head motor as staunch; and the car as dependable, as its reputation would lead you to believe. Only by riding in a beautiful, new model can you fully appreciate the comfortable seating, resilient springs, accessibility of mechanism and pleasing appointments—a combination of the beautiful and practical.

Maximum investment return is insured by Authorized Buick Service.

**MANY WOMEN USE GLYCERINE MIXTURE**

There is nothing better for stomach trouble in women than buckthorn bark, glycerine, etc., as mixed in Adler-Ika. One lady says: "It is doing me lots of good. My sisters also say it is wonderful." Adler-Ika removes foul matter from BOTH upper and lower bowel which may have been poisoning stomach for months. EXCELLENT for gas on stomach and chronic constipation. Guards against appendicitis. Brings out matter you never thought was in your system.—F. G. Walker, druggist. adv.

# LAWRENCE WANTS TO BE ANOTHER CENTRE

Victory Over Indiana Will Give Local School an Envious Reputation.

College of Kentucky sprang a big surprise in 1919 by decisively defeating Harvard. Centre also defeated Indiana with her wonderful football team and the sporting world sat back and gasped at these unexpected upsets of the dope. The Lawrence men are hoping against hope to do the same thing and are planning to put up a big battle against the big odds of experience, age and wrestling ability with which they will be confronted. Not a member of the Indiana team is under 25 years of age while the Lawrence team averages 21. This is simply the difference of age of men who attend state university and colleges of the size of Lawrence.

Coach Atkinson is confident against scoring on the Hoosier team but will say nothing regarding his team's chances of victory. Atkinson is sure that his team will defeat the University of Wisconsin team provided the latter will consent to having a meet, but he feels that Indiana is far above the class of wrestling which our state University puts on. The Lawrence men will put up the best scrum of the year against Indiana according to the coach and the public are sure of getting their money's worth in this meet.

# MARQUETTE WILL HAVE HUGE GYM.

New Structure Will Be Big Enough for Football Team to Practice.

Milwaukee—Marquette university's football squad will use the new half million dollar gymnasium to train for the 1921 season beginning next September. Plans for the erection of the central hall and gymnasium measuring 80x160 feet have been made and the work of construction will start soon. The foundation and basement are already finished.

President Herbert C. Noonan states that the building of the two wings to contain more club and recreation rooms, 80x141 feet, must wait at least another year. Showers, lockers and ample accommodations will be temporarily provided in the basement of the main building until larger quarters are ready when they will be moved to the west wing where the plunge will be located. Pool tables and bowling alleys are to be placed in the basement of the central building.

The new building is designed in English Gothic architecture and will consist of three floors and a basement in the wings, and a basement, spacious floor, running track and wide entrance halls in the main structure.

Bedford stone trimmings are to be used to adorn the outside brick walls. The roof will be tiled. The wings will be connected with the main building by hallways 21 feet wide, giving the completed building a frontage of 300 feet.

# MIDDLE CHAMP OFFERED \$15,000 BY LOS ANGELES

New York—The Commerce club of Los Angeles has offered Johnny Wilson \$15,000 to meet Battling Ortega at one of the New York clubs for fifteen rounds. The Pioneer club here has Ortega signed for a match with Frank Cardone for next Friday night.

Charles Dorester, the match maker at the Pioneer, on learning of the Commerce club's offer for Wilson, immediately agreed to add \$7,500 if Wilson will agree to fight Ortega at the Pioneer club for fifteen rounds.

The joint offer is the first genuine cash inducement that has been tendered Wilson since he won the title from O'Dowd. How about it, Johnny? Are you 'like' to take in this man Ortega?

# Leonard's \$600,000 Right

**Earnings**  
1917 \$145,000  
1918 \$95,000  
1919 \$171,000  
1920 \$130,000  
**Total** \$541,000  
1921 \$60,000+

Benny Leonard has knocked out more than \$600,000 in four years with his right-hand. Benny is a two-hand ed champion, but his right is the main sucker.

The \$60,000 purse he received for knocking Elsie Mitchell at Ann Morgan's benefit show was the biggest he'd ever gathered.

Ever since he won the title from Freddie Welsh in 1917 he has been one of the ring's best money makers.

The year he won the title he earned \$145,000 in 24 fights.

Fifteen bouts brought in \$95,000 in 1918.

**Biggest Killing**  
In 1919 he had his biggest killing. Proceeds of 21 fights put \$171,000 in the cash register.

Last year his drawing powers in 12 fights totaled \$130,000. He was fighting less often but getting bigger cuts.

Leonard doesn't pull on a glove any more for less than \$10,000 or \$15,000.

This year he's got a good lead in breaking his past purse records.

Leonard has paid out about a third of his earnings for taxes and a manager.

# Short Sports

**By United Press Leased Wire**  
**Orange, Texas**—Thirty-five St. Louis Cardinals took their first hard workout this morning. Twenty of them arrived Monday and warmed up in the afternoon.

**Fight To Draw**  
**New Orleans, La.**—Eddie G. Hare, Jersey City, and Martin Burke, New Orleans, heavyweights, fought a 15 round draw here last night.

**Illinois Is Leading**  
**Columbus, Ohio**—Illinois Tuesday was leading the Big Ten conference basketball race by virtue of her victory over Ohio State here Monday night, 33 to 32.

# RICE LAUDS KOZAK AS RHEUMATISM VANISHES

"Tight from the very start Kozak, helped my rheumatism and kidney trouble," declared L. G. Rice, R. R. No. 3, Stevens Point, Wis., "well known retired merchant and farmer. 'I was in bad shape. The pains in my back were terrible. I had no appetite and simply couldn't rest. Kidney ailments added to my misery. Recently I got Kozak. It wasn't long before I acquired a good appetite. I feel digested better and I can sleep

# WANT HILL TO MEET ZOLL IN GREEN BAY

But Bay Fans Don't Want to Meet Local Man's Demands for Purse.

Carl Zoll, Green Bay heavyweight wrestler, was soft picking for Bill Demetral, Chicago Greek, in their match in Grand Rapids, Mich. Zoll was thrown in two straight falls, losing the first in 3 minutes and the second in about 7. Zoll outweighed his opponent but never stood a chance with him.

Zoll and Hill matched again but are not anxious to meet Hill's demand for \$500. Hill figures his services against Zoll in the latter's home town are worth that sum. Zoll lost his match with the local man in Armory G. succumbing to a head scissors. Zoll spent most of his time in a shell on the mat, refusing to wrestle.

Hill meets Henry Stoff, Oshkosh, grappler, in the future bout of the Lawrence-University of Indiana set to here Friday night. That will be the local man's only contest before going back on the mat with Paul Martison, to whom he lost last week, probably about March 8. The date for the return bout has not been definitely settled.

Hill has not recovered entirely from the effects of his last match. His neck is still a little stiff but it is responding to treatments. He expects to be in superb shape when Martison comes back here to try it again.

# CUBAN ATHLETES START INVASION OF AMERICA

**Miami Beach, Fla.**—Cuban athletes are planning an invasion.

They're bringing polo teams, golf cricketers, tennis stars and swimming marvels.

A week's tournament opened here on Washington's birthday.

The visit is the outgrowth of polo play between tourist Cubans and Americans two years ago.

President Menocal has tendered the use of the presidential yacht, Hatter, to bring the athletes across.

The golf course, at the new Miami Country Club, is one of the hardest to negotiate in the country.

One of the water holes in an island to be shot—a 140-yard jump. Another hole has water on three sides.

**Abroad Next**  
About the only big league boxing Leonard hasn't tried is in Europe.

And Billy Gibson has been teaching Benny French and studying the steamship timetables.

Neither England nor France has any fighters of Leonard's caliber but he could swell that \$600,000 bank roll by doing exhibition work.

They'd like him, too.

Leonard is a REAL champion—the most perfect fighting mechanism in the world.

# ANOTHER NARROW SQUEAK FOR BANTAM CHAMPION

**Detroit**—A bantamweight champion is retained Tuesday—Joe Lynch. Had it not been for his putting Young Montreal of Providence, down to the count of eight in their ten round go here last night, however, Lynch might have come out of the fight on the short end.

The earlier rounds were spasmodically slow and fast.

In the semi-final, Eddie Gallagher of Hamilton, Ont., demonstrated that he is a good two handed boxer when he whipped Eddie Ketchell of Toledo, in an eight round go.

# Are You Just Hanging On?

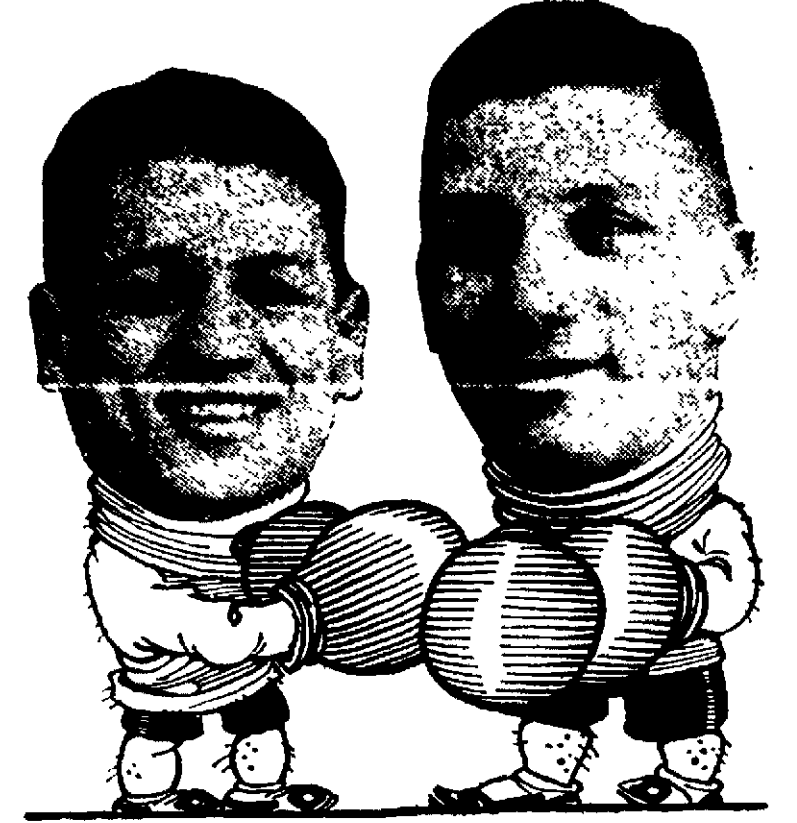

Too Many People Feel Themselves Slipping and About to Drop

People everywhere complain they are worn out, weary beyond expression, just hanging on. It is a most

new alarming condition. The past few years have been a grilling experience. If your nerves seem to have come to smother, and the last drop of iron has apparently been burned out of the blood, get a \$1.00 box of Regio and note the effect. It may take a few days before you get up speed but the effort will be the greatest sensation you ever experienced. It will take you back to the days when you are a boy, alert like a log, worked hard, enjoyed it, gloried in it and tickled it like play, and got away with any task, no matter what. It gives a punch to your nerves, puts a pink hue on pallid cheeks, you feel great all over and look it. If you are thin it will build you up to regular weight, intensify the vital processes, give you quickness, alertness, and proof against exhaustion, no matter how hard the task. Ask any of the clerks at Schmitz Bros. Drug Store and any other leading drug store. They have seen the results of Regio with customers who were just hanging on but are now among the best of the best.

# These Boys Won Bouts

Danny Kramer, (left) Lew Tendler (right)

**By United Press Leased Wire**  
**Milwaukee**—Lew Tendler, of Philadelphia, fighting for eight rounds with a fractured bone in his thumb, side of his right hand and possibly another break at the wrist, well earned a shade over Sailor Friedman of Chicago, in their ten round bout here Monday night, by the showing he

made against a tough opponent with an injured member.

An X-ray examination is to be made Tuesday of the broken bone or bones.

Danny Kramer, also of Philadelphia, was given the best of his ten round bout with the veteran bantam, Earl Puryear.

Mike Dundee was given a shade over Jack Eile, in ten rounds.

**Dog Causes Excitement**  
There was a flurry of excitement Monday afternoon in the vicinity of North and Mary-sts. when a dog began to act strangely, bite at trees and foam slightly at the mouth as if mad. The police were notified and Detective John Duvall and Officer John Kobussen hurried to the scene. The latter shot the dog. It is believed that the dog was poisoned and not mad.

**E. Little of Menasha, visited here on business.**

**FOR SALE**—New 4 room house and lot, 7 foot basement, large cistern. Cash \$1,000. Also good cow, to freshen in March

# War Veterans Reach Goal Of 600 Members In First Day Of Their Campaign

Oney Johnston Post Is Now One of Largest in the State—Former Soldiers Grateful for Assistance of Business Men.

Oney Johnston post of the American Legion went over the top Monday with flying colors in its membership campaign. Members were counted at the mass meeting of campaign workers in Elk hall in the evening, and it was found that the total would be well over the 600 mark when all the reports were in. About 550 actual applications were turned in, with many workers to hear from. An elaborate dinner was served to the workers by members of the Women's Auxiliary of the post. There was a large attendance and enthusiasm seldom seen in a post gathering. Edgar Schommer, campaign chairman, and Charles C. Baker, post commander, expressed their pleasure at the success of the drive and commended those who had made it possible to accomplish the feat in one day. Workers began their solicitation of factories and business houses early in the day, visiting every former service man. There was a steady stream of voluntary applicants at the headquarters tent opposite the Sherman house. The membership total of more

than 600 makes the post one of the largest in the state. A resolution was adopted thanking the business men who gave financial and other assistance, and the citizens as a whole for the cooperation and cordiality shown during the campaign. G. A. R. Veterans Talk. Gus Bronson, Waupaca shoe salesman who is a veteran of the civil war, spoke before the post commending the workers for their success and praising the American Legion. He said his only regret was that he was not eligible to membership in the organization. Gratitude of the post was also expressed to Stephen Balliet, who mapped out a campaign plan, assisted in organization of the workers, and worked actively for the success of the venture. His work made it possible to accomplish the work in a day instead of spreading it over a week. Final reports of workers are to be presented to division captains on Tuesday. There are a number of men who could not be reached, and these will be expected to apply to one of the campaigners in downtown business places. These workers include Peter Goertl, First National bank, William Zilske, Continental clothing store, Thomas Morrissey, Saenger-Diederich Co., Edgar Schommer, Schommer undertaking parlors. A celebration is planned in connection with the regular meeting of the post next Monday evening in Elk hall. All new members are to attend and an attractive program is to be provided.

## EMPLOYED BOYS ARE PLANNING PROGRAM

Members of the Employed Boys Brotherhood were entertained at dinner Monday evening at the Y. M. C. A. in honor of the birthday anniversary of the president, Carl Roesch. A large birthday cake with lighted candles stood on the table. Decorations were in blue and white.

The event which featured the supper was the unveiling of the blue and white banner, made of blue felt with a white border while the name "Employed Boys Brotherhood" is sewed on the blue field in light white letters.

A discussion on vocational guidance was led by H. B. Frame, W. S. Ford, chairman of the boys work committee also spoke. The boys decided to enter the "find yourself" campaign which will start on this month by the H-Y club boys.

The organization was granted a period from 6:30 to 7:30 every Saturday to use the Y. M. C. A. gymnasium to practice for the coming athletic events with the H-Y club.

The club is open to all employed boys of Appleton even though they are not members of the Y. M. C. A. Initiative of another group of candidates will take place at the next regular meeting. The discussion at that meeting will be led by Syrus Bylow, a Neenah boy.

The organization is already planning for a baseball team for the coming season. The boys will conduct a summer camp, a trip to the north woods, weekend camps and over night trips during the summer.

## "CUB" BUCK MAY COACH RIPON TEAM NEXT YEAR

H. P. (Cub) Buck, who is well known to Appleton and Kaukauna athletic fans has been offered a position as coach of the Ripon college football team. Negotiations have been going on for some time and plans are nearly complete for signing of the contract.

Buck has given his service in this territory to a great extent since he came here. His assistance in coaching the Lawrence football squad helped materially. With Buck as its coach the Kaukauna American Legion football team went through a successful season as did the Fox Club basketball team.

Gregory O'Keefe of Neenah, was an Appleton visitor Monday.

## The Best Cough Syrup is Home-made.

Here's an easy way to save \$2. and get the best cough remedy you ever tried.

You've probably heard of this well-known plan of making cough syrup at home. But have you ever seen 100,000s of families, the world over, feel that they could hardly keep cough without it. It's simple and cheap, but the way it takes hold of a cough will soon earn it a permanent place in your home.

Into a pint bottle, pour 2½ ounces of Pinex; fill up plain granulated sugar syrup to fill up the pint. Or, if desired, use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, it tastes good, never spoils, and gives you a full pint of better cough remedy than you could buy ready-made for three times the cost.

It is really wonderful how quickly this home-made remedy conquers a cough—usually in 24 hours or less. It seems to penetrate through every air passage, loosens a dry, hoarse or tight cough, lifts the phlegm, heals the membranes, and gives almost immediate relief. Splendid for throat, hoarseness, croup, bronchitis and bronchial asthma.

Pinex is a highly concentrated compound of genuine Norway pine extract, and has been used for generations for throat and chest ailments. To avoid disappointment ask your druggist for "3½ ounces of Pinex" with directions, and don't accept any other. Guaranteed to give absolute satisfaction or money refunded. The Pinex Co., Ft. Wayne, Ind.

## IT IS AN ILL WIND THAT DOESN'T BLOW GOOD TO AL DELTGEN

Stolen Velocipede Gives Deltgen a Chance to Add to Experience.

Albert Deltgen, driver and mechanic for the police department, has added one more machine to his wide knowledge of automotive and automatic devices, and John T. Collins, foreman of a lumber camp at White Lake has regained possession of a machine to which he had said goodbye. Information reached Chief George T. Prim that a velocipede of the kind which is hand propelled and is used on railroad tracks by inspectors had been stolen from Mr. Collins at White Lake. He also received word that a similar outfit had been abandoned on

the Ebert farm, about a mile from Appleton on the Wisconsin and Northern railroad. The chief and Deltgen drove to the place and took possession of the velocipede. Deltgen was all curiosity and interest when he saw the machine.

"I never got a good look at one of these things," said Deltgen. "Guess I'll have to get acquainted with it while I have the chance. I'll ride her to town and you fellows can take the automobile back."

Driving direct to the Wisconsin and Northern depot, Chief Prim awaited the arrival of Deltgen, pumping his way to town on his new toy. "Has the special arrived yet?" Chief Prim asked station employees. "Special?" There is none coming over this line," said George Sweetman, agent.

"There is one here at 3:30 with a man we are supposed to meet. Look! There she comes now."

Deltgen hove in sight. He had solved the intricacies of a railroad velocipede and had run her for all the speed that was conveniently in her. He could always tell you about automobiles, motorcycles or most anything, and he now has become a velocipede expert.

**Card of Thanks**  
We wish to thank our neighbors, relatives and Rev. Jordan, for the kindness and sympathy shown during the sickness of our family, and the death of our baby Carl.  
Mr. and Mrs. Chas. Holz. adv.

**Skat Tournament**  
Six tables were in play at the weekly skat tournament of the Elk club Monday evening. First prize was won by Louis Keller, second by Patrick Ryan and third by John West.

My commission expires Feb. 14, 1923.

## MENS CLUB HAS MUSICAL EVENT

Lawrence Conservatory People Entertain in First Congregational Church.

Prof. Carl J. Waterman and several students of Lawrence Conservatory of Music entertained the Mens club of First Congregational church at the February banquet Monday evening in the church dining room. Each number was enthusiastically received and none of the entertainers was allowed to retire without giving at least one encore.

About 75 men attended the dinner. H. L. Bowiby, secretary of the club, acted as chairman and made a brief address urging that the attendance be doubled at the next meeting.

Prof. Waterman opened the program with a vocal solo, "Tommy Lad" by Mergelson. His encore was Penna's "Smilin' Through." Bernard Benken followed with a baritone horn solo and encore.

Several short but delightful readings were rendered by Miss Vera Chamberlain. She spoke four times before the enthusiasm of her hearers subsided.

Winfield Alexander, blind tenor, sang "Good Bye" by Tosti, and gave Laurence's "Minnetonka" for an encore. Miss Lily Sindahl, soprano soloist, closed the program with the "Norwegian Echo Song." She was heartily applauded and responded with Verdi's "Pastorale."

A lecture that has won national fame was announced for the March meeting. It will be on "Rembrandt," the noted artist, by Dr. F. W. Gumsauls, Chicago, and will be illustrated with lantern slides. Ladies' night will also be observed.

**Plan New Course**  
A meeting of the board of directors of the Appleton Community Artist and Lecture series will be held next Saturday evening at the Y. M. C. A. Plans will be made for next year's course.
